RESOLUTION.

GENERAL DEPARTMENT—MARINE—No. 1526.

Calcutta, the 27th May 1876.

READ—

The following papers on the subject of the grounding of the ship *Mahableshwar*:—

Letter from Messrs. Lyall, Rennie and Company, dated the 29th February 1876.

Letter from the Officiating Master-Attendant, No. 1730, dated the 8th March 1876.

Letter from the Officiating Deputy Master-Attendant in charge, No. 2053, dated 13th April 1876.

Letter to the Deputy Master-Attendant in charge, No. 1179, dated 21st April 1876.

Letter from the Officiating Deputy Master-Attendant in charge, No. 3269, dated 5th May 1876.

1. Messrs. Lyall, Rennie and Company have complained that this ship, of which they are agents, grounded in the Rungafulla Channel on the 14th January, when going to sea under the pilotage charge of Mr. Wells, Acting Branch Pilot. They say that an alteration in the channel was communicated to the Master-Attendant on the previous day, the 13th, but was not made known, as it should have been, to the pilots.

The ship's grounding, they add, has caused a loss of Rs. 25,000: and they request that enquiry may be made into the practice of the Master-Attendant's office, in giving information to pilots of changes which occur in the channels.

2. In this case, the Lieutenant-Governor considers that it is clearly established that the pilot and the Master-Attendant's office were in no way in fault, and that the entire blame attaches to the River Surveyor. It is the duty of the River Surveyor, when he finds any change in the channels, at once to send to Bankshall a report and a duplicate sketch. The report is copied into the channel order book, and one of the sketches is kept there: this makes the change known to the pilots in Calcutta, who are bound to inform themselves of all entries in the channel order book. The original report, with the duplicate sketch, is then sent down to the Sandheads, for the information of the pilots on board the brigs.

3. Besides these special reports and sketches, the River Surveyor sends up, from time to time, charts showing those alterations which have already been embodied in the special reports. These charts are not examined in the Master-Attendant's office; they are sent on at once to the Surveyor-General for reproduction by photozincography, and copies are then available for sale to merchants and to the public. It is understood that no change will appear in the chart, which has not already been made the subject of a special report.

4. The River Surveyor, Mr. Laycock, had sent up, on the 28th December, a report, with sketches in duplicate, of certain changes in the Rungafulla Channel. On the 8th January he sent a chart, which reached the Master-Attendant's office on the 13th, and was as usual sent on to the Surveyor-General without examination. But this chart showed an important change in the channel, of which no report and sketch had previously been given. A spit of sand had run out into the usual navigation channel, and it was upon this spit that the *Mahableshwar* grounded. If the channel had been in the condition shewn by the report and sketch of the 28th December, the pilot would have had 23½ feet of water at the place where the ship grounded. She was drawing 21½ feet, and the chart of the 8th January showed 20½ feet in this place.

5. Mr. Laycock's explanation is to the effect that he thought the change of no great importance, and that, if the pilot had kept more to the eastward, he would have had plenty of water. The Master-Attendant shows, in the 8th paragraph of his letter, that this explanation cannot be accepted as satisfactory.

6. The Master-Attendant was not, the Lieutenant-Governor thinks, to blame for not examining the chart. He might reasonably presume that it would not contain any information which had not previously been specially communicated. The pilot was not to blame for not keeping further to the eastward, as he had every reason to suppose that he was keeping a perfectly safe course.

7. The River Surveyor seems to the Lieutenant-Governor to have committed a grave neglect of duty in omitting to report, in the usual manner, a material change in one of the navigating channels; and it is to this neglect that the disaster to the ship is to be attributed. Mr. Laycock is in general honourably distinguished by vigilance and attention to his duties, and the Lieutenant-Governor regrets the necessity for passing this censure upon him. But in this case it is evident that Mr Laycock's omission to report the alteration resulted in causing a considerable loss of property, and endangered the safety of the vessel and the lives of those on board. The Lieutenant-Governor therefore directs that Mr. Laycock be informed that his neglect of duty in this instance is regarded by the Government with serious displeasure, and that he be warned that inattention and oversight cannot be excused in an officer who holds so responsible a post as that of River Surveyor.

32.	Baboo Sitaram		1	
33.	Sheik Ameer Ali		0	

3. The name of Bukshee Jainundun Das is to be removed from the list of members, as that gentleman has since died.

4. There were seven meetings during the year, all of which were presided over by the Chairman. Of these seven meetings one was not attended by a quorum.

5. Ten days' notice was given of every meeting held during the year, and the business to be transacted at each was duly notified, as directed in section 57 of the Act.

6. The minutes of the proceedings of every meeting held during the year were recorded in the book opened for that purpose under section 61 of the Act.

7. The following changes occurred in the Committee during the year:—

(1) The charge of the office of Chairman was taken over by Colonel H. M. Boddam in February 1875 on Mr. Beadon, the Officiating Deputy Commissioner's transfer from the district.

(2) Baboo Rajgopal Roy, Road Cess Deputy Collector, who was the Vice-Chairman of the Committee, was transferred to the district of Lohardugga, and Captain Blathwayt was elected in his place, but this gentleman held the office only for three months, *viz.* from January to March, when Mr. Wilson, Senior Assistant Commissioner, was appointed Vice-Chairman.

(3) Captain Blathwayt, Assistant Commissioner, and Mr. T. F. Parkinson, Executive Engineer, Hazareebagh Division, were made members of the Committee during the year.

8. The subjoined table shows the attendance of the members at each meeting held during the year under review:—

No. of Meetings.					No. of Members present.	No. of Members absent.	Total number of Members.
1st meeting, held on the	5th	December	1874		... 12	21	33
2nd " " "	4th	January	1875		... 13	20	33
3rd " " "	15th	April	"		... 12	21	33
4th " " "	10th	May	"		... 11	22	33
5th " " "	10th	August	"		... 9	24	33
6th " " "	21st	"	"		... 13	20	33
7th " " "	10th	September	"		... 13	20	33

9. From the above statement it will be seen that the attendance of the members during the year was as unsatisfactory as in the previous year. In almost all the meetings held during the year the number of members present scarcely exceeded one-third of the total number of members forming the committee. Some of the non-official members never attended the meeting at all. The only conclusion to be derived at is that either these members take no interest in the working of the road cess, or that the distance they reside from the station will not admit of their attendance.

10. There is no separate official building for the Committee. The Deputy Commissioner has provided accommodation for the road fund establishment in one of the buildings attached to his office.

11. The Committee had no separate office establishment during the first quarter of the year, as the duties of both the offices of Collector and Chairman were performed by the Collector's road cess establishment; but as, under orders of the Commissioner, the road cess establishment of the Collector had to be reduced, the portion of establishment done away with was appointed as Committee's office establishment from January 1875. It, however, made very little difference to the Committee in fact, as the whole establishment was paid from the same fund.

12. The following is the list of the principal business transacted by the Committee during the year under review:—

(1) The annual accounts for the cess year 1873-74 were passed.
(2) Preparation of the estimate of receipts and disbursements for the cess year 1875-76.
(3) Determination of the rates of assessment for the ensuing cess year 1875-76, *viz.* at three-fourths of the maximum rates, as in the previous year.
(4) Selection of Vice-Chairman in the place of Baboo Rajgopal Roy transferred to the district of Lohardugga.
(5) Revision of budget-estimates for the cess year 1874-75, necessitated in consequence of the reduction of Government grants. In preparing this revised estimate the Committee was obliged to abandon some of the roads in consequence of its limited resources.
(6) Selection of an Engineer in the place of Mr. Pereira returned to his own department, Public Works.

13. There were no Branch Committees appointed during the year.

14. The amount collected under Act X of 1871 during the year was Rs. 28,026-1-6, as per details given on the margin, but of this sum Rs. 572-4-5 had to be subsequently refunded.

	Rs.	A.	P.

Ditto mines ...	640	13	8½
Ditto houses ...	1,703	7	0
Fines and penalties...	110	14	0
Total...	28,026	1	6

15. When the budget-estimate for the year was prepared, it was supposed that the Government would give Rs. 20,000 as grant-in-aid, but only a sum of Rs. 5,000 was granted, and of this sum Rs. 4,103-8 was repaid to Government as pay of the Engineer establishment.

16. Besides the above sum of Rs. 5,000 there was a special grant of Rs. 2,400 for the completion of the Churwa and Gonda bridges.

17. The total amount available for expenditure during the year was Rs. 43,888-12-11. The annual account shows in sufficient detail the sources from which the sum was derived.

18. The expenditure during the year amounted to Rs. 33,107-1-8.

19. The charges for establishment in the collection of revenue amounted to Rs 1,326-14-1 against Rs. 1,294 in the budget. The excess charge (Rs. 32-14-1) was owing to an extra clerk being appointed under orders of the Board of Revenue for statistical purposes. The amount was, however, met from the savings under other heads.

20. The cost of the Committee's office establishment during the nine months from January to September 1875 amounted to Rs 600 against Rs. 850 in the budget.

21. The expenditure on account of contingencies was Rs. 233-12-6, against Rs. 500 in the budget.

22. The savings effected on the above two heads were available to meet other charges.

23. The total amount refunded during the year was Rs. 572-4-5 as stated below,—

Rs 563-10-5.—This amount was recovered from the East Indian Railway Company on account of their collieries in Gadee Kurhurbaree, but their entire property having been exempted from taxation under orders of the Government of India the amount had to be subsequently refunded to the Company.

Rs. 8-10-0 were refunded to the Executive Engineer on account of the house cess recovered from him for the inspection bungalows of the Public Works Department, but the amount was subsequently paid by the Collector of the district.

24. The total outlay on works amounted to Rs. 24,148-14-11, namely, Rs. 18,448-4-9 on original works and Rs. 5,700-10 2 on repairs.

25. The total charge for establishment employed on works was Rs 6,152. This amount includes Rs. 4,103-8-0 paid on account of share of pay of the Public Works Department establishment for the year 1874-75, as per Government order No. 3432, dated 8th July 1875.

26. The sum of Rs. 73-3-9, charged in the account against the head "Tools and Plant," was on account of conveyance and other miscellaneous charges.

27. The following are the details of the several works executed during the year:—

ORIGINAL WORKS.

Hazareebagh and Chuttra Road.—The Committee in its budget-estimate sanctioned Rs. 6,671 for expenditure on this road during the year under review, but the actual outlay amounted to Rs. 6,003-12-8 Mr. Pereira reports that ten miles of the road were finished during the year as regards earthwork; besides jungle was cleared off from about five miles and turfing and dressing completed for ten miles In addition to these the first mile of the road was metalled and gravelled. A 10-feet culvert and a bridge of two spans of sixteen feet each with masonry abutments and pier, with timber top, over the Nullaband river were built. Three other culverts besides the above, *viz.*, one 14 feet arched, one 2 feet arched, one 4 feet arched, with timber top, were constructed during the year.

The Gonda bridge, which is also on this road, was completed during the year.

This bridge was commenced in 1873-74 to complete the circle of station roads ordered to be constructed by the late Lieutenant-Governor, Sir George Campbell, but was stopped by the Executive Engineer under orders of Government, and made over to the Road Cess Committee unfinished.

I inspected this road during my cold weather annual tour

The earthwork is, I regret to say, far from being finished. For many miles no earthwork whatever has been done beyond cutting a drain about eighteen inches wide and eighteen inches deep each side of the proposed road, and throwing the earth thus obtained on the road. Many of the culverts are not placed in the middle or square to the road, and have been made with outrageously high parapet walls.

The tracing of the road and general supervision appear to have been left entirely to some native subordinate, who has worked according to his lights, unchecked by the Engineer.

Burhee and Gawan Road—This road was taken in hand during last year in consequence of the distress that prevailed in the district, and a sum of Rs. 29,499-10-9 was expended. During the year 1874-75 a further sum of Rs. 4,220-2-8 was disbursed on the road. The work on the road was stopped in the middle of the year for want of necessary funds.

Mr. Pereira reports that thirty-two miles of the road, as regards earthwork, were completed up to the end of the year. Of this length twenty eight miles were completed in 1873-74, and the remaining four miles in 1874 75. Masonry abutments of four bridges of a single span of thirteen feet each, and the abutments and piers (except one) of a bridge of five spans of thirteen feet each, made during the year, besides ghat cutting and a great deal of turfing and dressing.

This road was also inspected by me. It is a very useful road and should be finished, and the necessary culverts built as fast as possible.

Giridhi and Khurukdeha Road.—The earthwork on the road was completed last year. The sum of Rs. 1,558-15-11 expended during the year was almost all on account of construction of culverts. Twenty five culverts, varying in span from two to four feet, were built during the year.

This was one of the roads inspected by me. The earthwork is reported as completed, but for some miles the road has not ever been lined out; in many places the virgin jungle is untouched; for much of the lengths where the jungle has been cut the roots have not been grubbed up.

The culverts built I have directed the present District Engineer to pull down at once and to see them re-built at the cost of the contractor, as they were constructed of bad materials and were unsafe.

Gya and Deoghur Pilgrim Road.—The total expenditure on this road up to the close of the year amounted to Rs. 7,017-12-2, of which Rs. 4,523-5-3 were disbursed during 1874-75. Earthwork for 20½ miles of the road has been completed. The work has since been stopped for want of necessary funds. The estimate of the road was received from the Executive Engineer during the year under review, but the road having been abandoned it was not submitted to the Commissioner for professional scrutiny by the Superintending Engineer, as required by paragraph 11 of the Government order No. 173, dated 7th May 1872.

I would call attention to Mr Beadon's remarks on last year's report on this road:—

"It has been improved off the face of the earth. Formerly carts could with a little difficulty pass along the road, now it is almost impracticable for man or beast, vast gaps being left where bridges were to be built; but as there is no chance of the Committee having any funds to build these bridges for the next twenty years, if then, the road may by the action of time and weather washing away the embankments become again passable by country carts"

(1) *Giridhi and Toondi Road;* (2) *Moheshmoondi and Bengabad.*—These roads were completed before the 30th September 1874, when the cess year 1873-74 closed. The expenditure, Rs. 332-2-9 and Rs. 501-14-6, shown on the accounts against these roads were all defrayed in rice before that date, but owing to an oversight on the part of Mr. Campbell, the Sub-divisional Officer, Pachumba, it was not included in that month's accounts; hence it is charged in the present year's account.

Old Benarés Road, west of Hazareebagh.—There was no money spent on the road itself. A culvert on the approach of the Churwa bridge, which is on this road, was built during the year at a cost of Rs. 474-15, which was met from the savings effected on the allotments of the Churwa and Gonda bridges, as there was no provision made for the culvert in the budget-estimate for the year.

A sum of Rs. 1,400 was given by Government for the completion of this bridge; the sanction arrived so late that, although the work was commenced, it was stopped by the setting in of the rains, which carried away the centering.

REPAIRS.

Station Roads.—The expenditure on these roads during the year amounted to Rs. 997, which was merely on repairs. Of this sum Rs. 542-12 was paid in repairing the roads on the occasion of the Viceroy's visit to Hazareebagh. The balance, Rs. 454-4, was spent in gravelling part of one of the roads as well as in paying the salaries of the maintenance establishment.

The burden thrown on the District Committee of maintaining these roads has been so fully recorded by the late Officiating Deputy Commissioner in last year's report that I need not reiterate what has been already recorded.

It is impossible for the Committee to maintain those that have been completed, much less complete those left unfinished.

Baloomut and Sherghotty.—The Engineer reports that four miles of this road have been remodelled and one 4-feet arch and two 4-feet timber top culverts built, besides extensive repairs done to Bhoraghat, making its gradients easier. Up to the end of last year seventeen miles of the road out of fifty have been repaired.

I inspected the work done at Bhoraghat. It has evidently not been properly supervised. No side drain to carry off the water from the road was constructed, and the consequence has been that the road down the ghât has been cut into deep channels, which must be repaired.

The remodelling would have been better left undone, as no one will ever use the new line of road, as it is cut off from the present line by a river which cannot be bridged for very many years to come. The money expended has been simply wasted.

Old Ranchee Road.—The sum of Rs. 21-12 charged in the accounts against this road was on account of last year's expenditure.

Chuttra and Chowparan Road.—This is a metalled road. Mr. Pereira reports that three miles of the road have been remodelled and twelve miles gravelled, besides other necessary repairs.

Gola and Govindpore Road.—The sum of Rs. 94-10-9 charged against this road was on account of pay of maintenance establishment.

Paharpore and Buggodhur Road.—The expenditure on this road during the year amounted to Rs. 519-9-2. There was a nokur coolie establishment entertained for the maintenance of the road, and the expenditure shown above was incurred in paying their salaries as well as filling up the places left for culverts during the famine.

Ramghur and Gola Road.—Petty repairs done through nokur coolies entertained for the maintenance of the road at a cost of Rs. 197-4-3.

Kodurma and Jainuggur Road.—Petty repairs done through maintenance establishment. The amount disbursed was Rs. 88-1-3 only.

Chuttra Inspection bungalow.—A sum of Rs. 64-15 was expended on the repairs of this bungalow during the year.

A. G. WILSON,
Vice-Chairman.

No. 17, dated Ranchee, the 31st December 1875.

From—H. L. OLIPHANT, ESQ., Chairman, District Road Committee, Lohardugga,
To—The Commissioner of the Chota Nagpore Division.

IN pursuance of Government orders contained in circulars Nos. 4952 of the 24th September 1872, and 50 of the 23rd July 1873, I have the honor to submit herewith my annual accounts, together with the required report of the expenditure incurred on roads in this district during the year ending 30th September 1875.

2. My annual preliminary report was, I may observe, submitted with my letter No. 51RC of the 26th July last.

3. The Road Cess Act was not introduced into this district till after the commencement of the year. It nominally came into force from the 1st November 1874 in pursuance of Government Notification No. 2088 of the 5th October 1874, but operations under the Act were not commenced till nearly the end of December. The work is proceeding satisfactorily, but no collections have yet been made, nor will any be made for some time to come.

4. The total balance standing at the credit of the fund on the 30th September 1874 was Rs. 23,275-4-3. To this must be added a sum of Rs. 20,000, which was allotted to this district as a grant from the provincial reserve fund under Government Notification No. 469 of the 29th December 1874, and which, together with the other items of receipt, makes the total aggregate receipts of the year to amount to Rs. 45,437-3-0, as shown below :—

	Rs.	A.	P.
Balance of last year	23,275	4	3
Grant-in-aid	20,000	0	0
Other receipts as detailed in annual accounts ...	2,161	14	9
Total ...	45,437	3	0

Out of the above sum Rs. 5,000 were withdrawn from the fund and credited to Government in pursuance of orders No. 1262 of the 10th March 1875, thus leaving a net balance available for expenditure of Rs. 40,437-3-0. Out of this latter item Rs. 33,639-5-10 were expended during the year, thus leaving a balance to the credit of the fund at the close of the year of Rs. 6,797-13-2.

6. It will be observed from the accounts that out of the total amount expended, a sum of Rs. 12,480-8-0 was incurred on account of the cost of establishments and refund of fines, as detailed in the margin. With regard to the first heading, as long as the valuations under the Road Cess Act are going on the establishment must necessarily be costly. With regard to the grant to the Public Works Department on account of establishment, I am not aware as to the exact principle on which the amount was calculated. The actual cost of the Public Works establishment employed during the year in connection with district works was only about Rs. 2,300, though the sum ordered to be transferred to that Department exceeded that amount by about Rs. 3,000.

7. The balance to be accounted for is Rs. 21,158-13-10; and the whole of this sum was expended in the two main divisions of the district in the proportion shown in the table in the margin.

8. The total sum expended on each line of road in the district during the year will be found in the usual table of annual expenditure, and a brief account of the general condition of the several lines of road, and the manner in which the money has been laid out, in the statement hereto appended.

9. In conclusion I beg to add that since the preparation of the annual return and report, instructions have been received from the Controller of Public Works Accounts in his letter, No. 15194, of the 27th November last, intimating that a sum of Rs. 2,921-5-8, which represents the value of rice expended in the payment of labourers on the several roads in the Palamow sub-division during the famine which prevailed in the previous year, and which was not shown in that year's accounts, should be adjusted in the accounts of the year now under review by "crediting deposits and debiting the heads of service concerned." The above amount has accordingly been exhibited in both the credit and debit side of the return, particulars of the expenditure being furnished in Part II of the same. As however this expenditure does not appertain to the year under report, it has been thought advisable to keep it quite distinct from the accounts of the year, and it has accordingly been shown separately at the bottom of the statement.

Statement showing the work done on the several Roads in the District of Lohardugga during the year ending 30th September 1875.

RANCHEE AND BUNDGAON ROAD, 38 MILES.

First section, from Dorundah to Hattia, 5 *miles.*—This portion of the road is in good order; the first three-quarters of a mile was re-gravelled during the year, and one of the abutments of a bridge, which was in a decayed condition, was thoroughly repaired, as well as the wing walls.

Second section, from Hattia to Khunti, 18 *miles.*—This also is in good order, having been lately repaired. The approaches to rivers and streams have been put in order, and the wooden bridges rendered secure.

Third section, from Khunti to Murhie, 8 *miles.*—This portion is in fair order; it was last repaired in the cold weather of 1874-75, and will require attention during the ensuing season.

Fourth section, from Murhie to the boundary, 7 *miles*—This portion is more hilly than the rest of the road, and consequently suffers more during the rainy season, and requires a larger expenditure to keep it in proper order.

On the whole the line is in tolerable fair-weather order. The road leads to Chyebassa, but the traffic is little more than local. During the year 33 miles of roadway were repaired, 258,399 cubic feet of earthwork, and 2,580 cubic feet of rubble stone masonry, at a total cost of Rs. 1,580-8-3.

RANCHEE AND LOHARDUGGA ROAD, 45 MILES.

First section, Ranchee to Murma, 13 *miles.*—This portion is in good order, the first three miles and six chains being gravelled. The approaches to the first river were put in thorough order, and a stone breakwater thrown out into the stream to prevent the east bank from being cut away, an arrangement which has answered admirably.

At the 12 and 13 miles the line crosses two nullahs over which two bridges are in course of construction, and will be completed during the current season. These two nullahs have always been a great impediment to traffic.

Second section, Murma to Opa, 11 *miles.*—This portion is in fair order, though the roadway is rather narrow.

Third section, Opa to Kuru.—In fair order, but a few bridges are much wanted.

Fourth section, Kuru to Lohardugga, 11 *miles*.—In good order, but more earthwork is required in places, and the approaches to streams demand attention. The line is a good fair-weather road, but some bridges are urgently required to render the road available for traffic all the year round. Lohardugga is the great trading mart of Chota Nagpore Proper, and the traffic is annually increasing. During the year eight wooden bridges and eighteen miles of roadway were repaired, and two stone drains erected, total earthwork 391,191 cubic feet, and 9,368 cubic feet of brick masonry, at a total cost of—

RANCHEE AND PALKOTE ROAD, 53 MILES.

This road branches off from the Ranchee and Bundgaon road at Hattia.

First section, from Hattia to Lodmah, 11 *miles*.—This portion has been repaired and put in good order, but a wooden bridge still remains to be repaired.

Second section, from Lodmah to Lowkel, 10 *miles*.—The roadway has been repaired, but the approaches to streams require looking to.

Third section, from Lowkel to Jhurria, 10 *miles*.—The first half is in good order, but the latter indifferent.

Fourth section, Jhurria to Bassia, 18 *miles*.—With the exception of four miles this piece is in very fair order, but the south approach to the Kuru river requires to be re-cut and some earthwork added to the north approach.

Fifth section, Bassia to Palkote, 12 *miles*.—The first eight miles have been kept in good order, but the last four miles are little more than a jungly track: on the whole this line is in good fair-weather order. The traffic is considerable and is steadily increasing, large quantities of grain being brought from Bassia and Govindpore to Ranchee and carried away in an easterly direction.

During the year 28 miles of the road were repaired, 14,603 cubic feet of earthwork, at a total cost of Rs. 697-8-6.

KURU AND LATEYHAR ROAD, 28 MILES (TOWARDS DALTONGUNGE).

This road branches off from the Ranchee and Lohardugga road at Kuru.

First section, from Kuru to Chandwa, 10 *miles*.—This portion passes over a very steep and difficult ghât, and it consequently requires great attention. It has been kept in good order during the year

Second section, Chundwa to Lateyhar, 18 *miles*.—Twelve miles of this have been thoroughly repaired, but the remaining six requires attention. This line is an important one, leading to the head-quarters of the Palamow sub-division, and is in fair order, though bridges are much wanted. At present the road is maintained as a fair-weather one, but the nullahs and streams in the rains are a great obstacle to traffic. The road carries a good deal of traffic during the cold and hot weather months, all done on pack-bullocks. Total roadway repaired 18 miles, 316,075 cubic feet earthwork, at a cost of Rs. 966-7-9.

LOHARDUGGA AND CHUTTRA, 42 MILES TO BOUNDARY.

From Lohardugga to Champi, 10 *miles*.—The whole of this portion has been repaired and a new bridge erected across some low boggy land.

From Champi to Balumath, 20 *miles*.—This portion of the road runs through a wild and jungly country, and crosses difficult ghâts and many streams; it is partially bridged. The greater part of the roadway has been repaired, and on the whole it is in good order.

Balumath to Gooma, the boundary, 12 *miles*.—The first five miles have received a good surface dressing, and the whole is in fair order. This road runs through a very hilly difficult country, but it has been fairly maintained. It carries far the heaviest traffic in the district, and is certainly one of the most important communications. Rice and food-grains are exported by this line in large quantities from Lohardugga and the south. Total work done 21 miles repaired; 462,455 cubic feet of earthwork and 5,698 cubic feet of rubble stone masonry, at a cost of—

	Rs.	A.	P.
Original works	668	13	3
Repairs	1,609	15	9
Total	2,278	13	0

KHUNTI, TOORPA, AND KAMDERA ROAD, 29 MILES.

From Khunti to Toorpa, 17 *miles*.—This portion of the road has not come under repair during the year under review. It requires surface dressing, which will be carried out during the current year. The line is in fair order.

From Toorpa to Kamdera, 12 *miles*.—This portion of the road has been thoroughly repaired during the year, earthwork being thrown up in low places, jungle cleared, and the approaches to streams and rivers sloped and improved. This road branches off from the Ranchee and Bundgaon road at Khunti, and, passing through the Turpa police station, joins the Ranchee and Palkote road at Kamdera, some few miles north-east of Bassia. The traffic on the road is chiefly local, but the line passes through a highly cultivated country, and is very useful as being a connecting link between the two roads above named. Total work done nearly 12 miles repaired; 266,474 cubic feet of earthwork, at a cost of Rs. 750-9-6.

Ranchee to Tamar, 35 *miles*.—The first twelve miles of this road have been thoroughly repaired and two wooden bridges replaced. The remainder of the road is in fair order, but it will require attention during the current season. This road was the original route from Ranchee to Chyebassa, but it was given up for a more westerly line (Ranchee and Bundgaon road), which possesses two advantages over this one, inasmuch as it avoids a difficult ghât and heads the rivers, taking as near as practicable the watershed of the country. As however there are two police stations (Bundee and Tamar), which are also large market places on this line, it was considered advisable to keep it up as far as Tamar, and opportunity was taken of the scarcity to put it into fair-weather order. The traffic on the line is chiefly local, but still the road is much used. During the year 12 miles and 3 furlongs were repaired, 127,385 cubic feet of earthwork, at a cost of Rs. 383-5-10.

Balumath, Janjhu, and Chumatu Road, 27 *miles*.—This road runs through the Tori Pergunnah between Chota Nagpore and Palamow. The first portion is from Chumatu on the east to Balumath (ten miles), and thence to Janjhu (seventeen miles) on the Palamow boundary. The line is a very jungly one, running through hilly and broken ground, and it carries little or no traffic except on one occasion during the year, when a fair is held at Heringi. It forms, however, a connecting link between the sub-division of Palamow and the district of Hazareebagh. During the year ten miles of road were put into good order; total earthwork 281,445 cubic feet, at a cost of Rs. 862-4-3.

Ranchee and Gola Road, 12 *miles*.—This road branches off to the north-east from the Ranchee and Hazareebagh road (provincial) about thirteen miles from Ranchee. There is a heavy ghât on the road which requires constant attention. The traffic is purely local. During the year seven miles were thoroughly repaired; 97,384 cubic feet earthwork at a cost of Rs. 259-8-6.

Petty works, Pittoria Road, 10 *miles*.—In fair order. During the year 7 furlongs and 3 chains were gravelled and 7 miles 1 furlong repaired; 83,718 cubic feet earthwork at a cost of Rs. 348-0-6. Traffic purely local.

Ranchee to Nugri, 10 *miles*.—The first eight miles of this road were put into good order, and the last two smoothed over. Earthwork 235,890 cubic feet at a cost of Rs. 682-6.

Village Roads.—Under this heading a sum of Rs. 1,044-15-6 was expended during the year, Rs. 500 being laid out in the Palamow sub-division and the remainder in Chota Nagpore Proper. The following is a brief account of the works carried out:—

In Palamow.—A good road was made to connect the market of Cheynpore with Shahpore, which is on the river Koel, opposite Daltongunge, the head-quarters of the sub-division, distance two miles, and cost Rs. 200. A large number of villages in the neighbourhood will be benefited by the work: also a road branching from Shahpore to the market of Pittoria. This track was formerly a very difficult one for all the villagers going to market, but it has now been put in good order; distance four miles, and cost Rs. 300.

In Chota Nagpore.—Roads connecting the villages of Hurma, Argora, and Karoo, were well raised and put into thorough order. These villages and many others in the neighbourhood have been greatly benefited, as the roads are much used by people attending the local markets. Total distance about five miles, at a cost of Rs. 314-10-9. The Revd. Mr. Whitley kindly effected some improvements for me in the roads in the neighbourhood of villages Kachabari and Maranghada, Mandhu and Ramchu, at a cost of Rs. 85-4-9.

Moonshee Mohiput Lal also carried out some improvements on the village track between Morhabadi and Koochoo Bazar, at a cost of Rs. 53.

Captain Lowis, the Manager of the Chota Nagpore estate, also kindly lent his services and effected improvements on the roads in a large number of villages at an aggregate cost of Rs. 92, as shown below:—

	Rs.	A	P.
In the village of Dabcha	14	7	8
Between Baridih and Bharno	16	2	6
Between Dhunia and Palkote	14	0	0

PALAMOW SUB-DIVISION.

Daltongunge Station Roads.—The station roads are in very fair order, but masonry drains are required on those roads running down the slope of the bank on which the

station stands. The roadside trees have made a good start this year, and are a great addition to the appearance of the station. The main station road running from the lock-up to the hospital has been well raised and gravelled at the northern end for about 1,000 feet. Three other roads have also been re-gravelled for about 1,800 feet. One small drain erected, 22½ miles of road superficially repaired, upwards of 2,000 trees have been tended and protected.

Daltongunge and Lateyhar Road, 42 miles (leading to Chandwa).—This is part of the main line to Ranchee. It meets the Kuru and Lateyhar road at Lateyhar, and unites at Kuru with the Lohardugga and Ranchee road.

It is divided into three sections—

(1)	Daltongunge to Satburwa	...	...	18 miles.
(2)	Satburwa to Munka	...	...	8 „
(3)	Monka to Lateyhar	...	...	16 „

The *first* division is in very good order, and quite fit for cart traffic in the dry weather. The *second* section is in very indifferent order. It crosses many water-courses and several steep spurs composed entirely of hard gneiss rock. Some of the gradients too are very steep, and render necessary, to make the line easy for traffic, deep cutting into rock and raising heavy earthwork. It is proposed accordingly to adopt another route, which has the advantage of being shorter and altogether a far easier and more practicable one.

The *third* section is in fair order, but this part of the line also crosses deep water-courses, besides having some very steep gradients. During the dry season, from November to June, there is a considerable traffic along this line by pack-bullocks. During the year six and a half miles of roadway were thoroughly repaired, several hollows were filled up, approaches to nullahs improved, and a long strip of very low land, liable to inundation in the rains, well raised. The parapets and wing walls of four bridges were also repaired. Total work 249,014 cubic feet of earthwork, and 2,700 cubic feet of masonry work, at a cost of Rs. 1,250.

Daltongunge and Behar Road, 36 miles.—This road for about twelve miles passes over a keywal soil which, when newly thrown up, is liable to great damage during the rains, and it consequently requires repairs every season. Twenty miles are in good order, six miles fair, and ten miles indifferent. During the year the roadway and twelve feet on each side of it was cleared of jungle for twenty-eight miles, and superficially repaired and drains cleared for about ten miles. Total earthwork 200,225 cubic feet, and cost of works Rs. 800.

Daltongunge and Maharajgunge Road, 42 miles—Ten miles of this road are not quite complete. Of the remaining 32 miles, 20 are in good and 12 in fair order. The earthwork and roadway suffered considerable damage during the unusually heavy rain in the preceding year, and the principal work this year consisted in repairing the damage done. Nine miles were cleared of jungle and roots; seven miles superficially repaired and drains cut. A further improvement was also made in the slope of the Sultani ghât. This road carries a considerable traffic, and bridging is much required. Total work 1,040,280 cubic feet earthwork, and 6,600 cubic feet of rock cutting in the ghât, at a cost of Rs. 1,500.

Daltongunge and Gurwah Road, 20 miles—With the exception of a short distance here and there, this road may be said to be good along the entire length. It is unbridged. A heavy pack-bullock traffic passes along the road during the greater part of the year. The road has been superficially repaired. Over eighteen out of the twenty miles hollows have been filled up, drains cut and cleared, slopes to rivers and nullahs repaired, and two bridges repaired. Work done 244,400 cubic feet earthwork, and 1,740 cubic feet masonry, total cost Rs. 750.

Gurwah and Untari Road, 28 miles.—The first sixteen miles of this road are in good order and the remainder are indifferent. The slopes and approaches to most of the rivers and nullahs are long and easy and fit for cart traffic. A considerable pack-bullock trade passes along this line from and to Gurwah and Mirzapore and Benares. The road was superficially repaired over thirteen miles. Side drains were cleared out and damage to embankments, which had suffered from the heavy rain, repaired. The wing parapet walls of several culverts were also repaired. Total work 241,940 cubic feet earthwork, and 2,217 cubic feet of masonry, at a cost of Rs. 800.

Gurwah and Manjhewan Road, 14 miles.—Nine miles of this road are in very good order, the remaining five are indifferent owing to the undulating character of the ground. The pack-bullock trade along the road is very large and bridges are much wanted. Superficial repairs were carried out, and 175,500 cubic feet earthwork thrown up. Total cost Rs. 500.

Mijheewan and Jupla road, 26 miles.—This road crosses a country with a keywal soil for nearly the entire length. There is a heavy coal and timber traffic on it during the dry months, and in the rains the road becomes very boggy and much of the soil is washed away. There are several wooden bridges on the road but they are continually giving way. The road ought to be metalled and bridged to meet the requirements of the heavy traffic which it carries. Nineteen miles of the road are in fair order and the remainder indifferent. Twelve miles were repaired and jungle cleared; 302,795 cubic feet of earthwork at a cost of Rs. 800.

Lesligunge or Kote to Pankey (28 *miles*), *towards Balumath.*—This line of road was brought under repair during the recent famine. It meets the Balumath and Janjhu road at the latter place, and is a connecting link between Palamow and the district of Hazareebagh. Eighteen miles of the road are complete, but little has been done to the remaining ten miles, which pass through much jungle and cross a heavy ghât, the latter of which will always be a great obstacle to traffic. There is very little traffic on the road, and the line is by no means an important one. The work carried out during the year consisted of drain-cutting, reducing slopes and gradients, filling in hollows, clearing jungle and roots, and superficially repairing 18 miles; 282,700 cubic feet earth-work at a cost of Rs. 800.

Oontari to Benares Road, 11 *miles.*—This road was taken up during the famine with a view to afford relief to the people in the Beloújah pergunnah, but now that Doodhi in the Mirzapore district has been created into a sub-division, and there is a good main road direct from that place to Mirzapore, this road is not likely to be much used. The line, too, is a very difficult one, crossing steep and difficult ghâts with many water-courses. During the year a small sum only was expended in repairing damage done in the preceding rainy season. Five miles were superficially repaired; hollows were filled up and embankments repaired, the total work being 184,256 cubic feet of earthwork at a cost of Rs. 500.

Works for the ensuing year.—It only remains to notice briefly the works which are contemplated during the year just commencing.

Budget-estimates in the prescribed form were submitted to the Commissioner with this office letter, No. 4 of the 3rd September 1875, and approved and confirmed by the Commissioner under his letter, No. 409T. of the 4th October.

A grant of Rs. 25,000 from the provincial reserve fund was made under Government order No. 364 of the 20th July last, and inclusive of this, the total amount available for expenditure during the current year is Rs. 29,877. No collections will be made under the Road Cess Act within the year, but nevertheless a large establishment will have to be kept up; and the estimates, after providing for this, as well as for public works establishments and general working establishments, show a balance available for roads of a sum only slightly in excess of Rs. 15,000.

The first work to be attended to is that of repairing and maintaining in fair weather order the existing lines of road which aggregate some 570 miles in length, and the expenditure has been allotted as set forth in the margin. In addition to this it is proposed during the current year to draw up plans and estimates for several bridges on those lines of road where they are most urgently required, so that they may be ready to be taken in hand during the following year, when it is hoped further funds will be available.

GANESH CHUNDER NIHATTEE,
Vice-Chairman, District Road Committee, Singbhoom.

(Sd.) W. H. HAYES, *Surgeon,*
Deputy Commissioner and Chairman.

No. 21, dated Purulia, the 25th February 1876.

From—LIEUT.-COL. B. W. MORTON, Deputy Commissioner of Manbhoom,
To—The Commissioner of Chota Nagpore.

I HAVE the honor to submit the following report on the work done on the roads under charge of the District Road Committee of Manbhoom for the cess year 1874-75.

2. As stated in my report, dated the 6th August last, there are 18 roads in this district, of which three are called first class, five are second class, and ten are third class roads. My own belief is that the roads in the second class are of equal importance as those in the first class, so that it may be said there are but two classes of roads under the Committee, and that in the first class there are eight roads and in the second class ten roads.

3. The relief operations in the district led to a great deal of desultory work in the way of road-making, the primary object not being the making of roads, but the finding of work for people who might otherwise have starved.

4. A great deal of money was spent in attaining this object, and was so far well spent; but so far as my information goes, I am not aware that a single road under the Committee is in a complete state.

5. The means of the Committee are limited, and it will be many years before they can hope to complete all the roads under their charge. As I have elsewhere reported, I think it would be a saving in the end to borrow a sufficient sum, and to complete or at any rate to put into a safe condition all the works undertaken during the famine.

So long as these works remain in their present condition there will be a fear that the money already spent on them will be more or less lost, owing to the action of water, the growth of jungle, and the thoughtlessness of cultivators.

6. I have the honor to annex a statement showing the work done and the expenditure incurred on 16 of the 18 roads under the Committee during the year. You will observe that of the expenditure a sum of Rs. 44,398-15-2 represents the value of part of the surplus famine rice made over to the Committee. The remainder of this rice was spent in the previous year. It would have been a good thing could it have been arranged to have expended this rice on one road; but this was found impossible. The contractor to whom the greater portion of the rice was made over by my predecessor explained that he had distributed the rice in different parts of the district, and that those who had received it in advance could not be concentrated on one road.

7. During the year a sum of Rs. 7,000 was taken in loan from Government for the purpose of turfing embankments. This money was duly expended for this purpose, and it is believed that a great deal of waste has thereby been prevented.

8. During the current year, I may remark that the Committee has arranged to complete two entire roads (Purulia to Bankoora, Purulia to Govindpore) and to push on with a third road (Purulia to Manbazar) so far as the funds will admit of its so doing. Repairs to the completed portion of the Bankoora road and to the station roads, which will cost in all some Rs. 3,500, are also in hand.

9. The regular accounts of income and expenditure (in duplicate) were submitted to you with this office memorandum No. 907, dated the 7th December last.

PURULIA,
The 7th December 1875.

(Sd.) W. B. MORTON, *Lieut.-Col.*,
Chairman.

No. 669, dated Chota Nagpore, the 31st March 1876.

From—W. LEE. ROBINSON, Esq., Commissioner of the Chota Nagpore Division,
To—The Secretary to the Government of Bengal, Public Works Department.

WITH reference to the Government orders No. 4952 of the 24th September 1872, and No. 50 of 23rd July 1873, I have the honor to submit in original the local improvement reports* and returns from the District Committees in this division for the cess year 1874-75.

* Hazareebagh, No. 122, dated 19th February 1876
Lohardugga, No. 17D, dated 31st December 1875.
Singbhoom, No. 36D, dated 13th January 1876
Manbhoom, No. 21D, dated 25th February 1876.

2. The Manbhoom report came latest to hand, and has delayed the submission of my divisional report. It is moreover a very meagre one, and contains no information regarding the operations under the Road Cess Act. I have called Colonel Morton's attention to the orders on the subject, and pointed out what details his future reports should give.

3. The year under review was the second year of the road cess collections in Hazareebagh. The assessment was fixed, as in the preceding year, at three-fourths of the maximum rate, and the total demand on account of the cess on lands was therefore the same as in 1873-74 The total collections of the year on account of lands, mines, and houses amounted to Rs. 28,026, but out of this sum Rs. 572 had to be refunded for reasons detailed in paragraph 23 of the Committee's report. On the whole, the provisions of the Cess Act have been carried out in this district smoothly and satisfactorily, and it is a matter of congratulation that, as reported by the Deputy Commissioner, "there was not a single instance during the last two years in which it was found necessary to have recourse to sale of any moveable property or to attachment of the estates themselves for the recovery of the arrears."

The system of collections adopted answered well; the house cess was collected by the excise establishment of the district, and so there was no additional expenditure on this score.

4. In the Manbhoom district the road cess was collected for the first time during the year under report; but as the district was under great pressure in the previous year on account of the scarcity, collections were made from seven pergunnahs only, and hence the total amount shown in the present accounts is comparatively very small. The Deputy Commissioner, however, reports that the zemindars and tenure-holders of his district were very slow in the payment of their cess instalments on due dates, and he was therefore obliged to resort to the stringent measure of attaching the defaulters' properties under section 23 of the Act.

5. The total demand of the cess on lands was for the year Rs. 8,358, of which Rs. 4,126 was realized and Rs. 2,707 refunded to Bankoora, being collections from pergunnah Mohesara, transferred to that district, and the bulk of the remaining balance falling due on 28th September last it could not be recovered during the year. The house cess of the year amounted to Rs. 1,325, out of which Rs. 1,164 was realized, and Rs. 3 was written off, as it was erroneously twice entered in the accounts. These latter collections were made by paid peons, but towards the close of the year I directed the Deputy Commissioner to make these collections through the excise establishments, as in Hazareebagh, and this system is now being pursued during the current year.

6. The provisions of the Road Cess Act were extended to the Lohardugga district during the year under report under Government Notification No. 2088 of 5th October 1874, but the operations did not commence until the end of December. The valuation work is proceeding satisfactorily.

7. With regard to the action of the Road Committees, the real work is done by the official members, the non-official members seldom taking any interest in the proceedings; and when they do attend meetings of the Committee, they do so as a matter of form or etiquette, and seldom take any active share in the proceedings, and vote as they think will be pleasing to the local authorities, which is perhaps the best thing they can do until the country is further advanced in civilization.

8. Information regarding the District Road Committees has been furnished only by the Deputy Commissioner of Hazareebagh; the other Deputy Commissioners have been called on to supply the necessary information, which will be submitted to your office separately, as directed in paragraph 10 of the proceedings of the Public Works Department No. 1286 of the 13th instant.

9. Under notification of the Public Works Department, No. 469 of the 29th December 1874, the following assignments were made to the several districts in this division for the cess year under report:—

	Rs.
To Hazareebagh	5,000
„ Lohardugga	20,000
„ Singbhoom	10,000
„ Manbhoom	15,000

But subsequently, by orders of your office No. 1263 of the 10th March 1875, a sum of Rs. 5,000 was withdrawn from the grant to the Lohardugga district and credited to Government, and a special grant of Rs. 2,400 was made to Hazareebagh under order No. 1601 of 24th March 1875 for completing the Churwa and Gonda bridges.

10. The total amount at the disposal of the Hazareebagh District Committee was during the year of report Rs. 43,889, and the total expenditure amounted to Rs. 33,107; of the latter, Rs. 18,448 was spent on original works and Rs. 5,701 on repairs. The details of these works are given in the Committee's report, but from the Deputy Commissioner's remarks on some of the roads inspected by him, it is quite clear that when the work was in Mr. Pereira's hands it was not well done and not sufficiently supervised. The necessity for visiting other parts of the division prevented my seeing much of the roads in the Hazareebagh district during the past year, with the exception of the main line from Hazareebagh to Giridhi, which being provincial, does not come within the scope of this report. The only local road I did go over was the one from Kurrukdeha to Pachumba, and that can scarcely be dignified by the title of a road, as it is a mere cart track.

11. During the year of report the Lohardugga District Committee had a net sum of Rs. 40,437 available for expenditure, out of which Rs. 33,640 were spent. Of this latter sum an expenditure of Rs. 12,481 was incurred on account of cost of establishment and refunds of fines, as detailed in the 6th paragraph of the Committee's report. The charges for establishment are rather heavy, but it will be borne in mind that the valuation work under the Road Cess Act is now going on, and consequently this item must necessarily be costly. The remainder, or Rs. 21,159, was spent on roads, &c., in the two main divisions of the district, *viz.* Chota Nagpore Proper, or Sudder division, and Palamow sub-division, the amount spent on original works being Rs. 1,832 and that laid out on repairs being Rs. 19,327.

12. Full details of these works will be found in the Committee's report, and it does not appear necessary that I should make any further remarks on the subject. The only road referred to, which I have travelled over, is the one from Daltongunge to Ranchee, which is in tolerable order considering the difficult nature of the country through which it passes.

13. In Singbhoom the total amount to the credit of the Road Fund was Rs. 16,807, and the total expenditure amounted to Rs. 14,888, leaving a balance of Rs. 1,919 on the 30th September 1875. The amount spent on repairs is somewhat more than double of what was laid out on original works. A beginning of road cess operations will be made in Dhulbhoom this year.

14. The Manbhoom Committee had a total sum of Rs. 76,976 available for expenditure during the year, but of this sum Rs. 54,586 represents the value of surplus grain received from Government during the famine year. The Committee further received from Government a loan of Rs. 7,000 for turfing embankments, and this money was duly spent, but it does not appear in the Committee's accounts submitted for the year. The total expenditure of the year was Rs. 71,468, and of this sum Rs. 55,920 were laid out in original works, and only Rs. 17 on repairs. The details of these works are given in a separate statement submitted by the Deputy Commissioner, which shows that of the total sum spent on them, Rs. 44,399 was given in rice.

HIGH COURT NOTICES.

Circular Orders Issued by the Authority of the High Court of Judicature at Fort William in Bengal.

CIVIL.

No. 6, *dated* 24*th April* 1876.

District Judges are directed to submit all applications for the construction of new Court-houses, or for repair of the existing buildings, direct to the Government of Bengal, and not to or through the High Court.

No. 7, *dated the* 1*st May* 1876.

The Court adopts the following Circular Order issued by the High Court, North-Western Provinces, and directs careful compliance with the practice enjoined :—

"It has been noticed by the Court that when a Civil Court allows a plaint to be amended, instead of the amendment being forthwith made in the plaint itself, the order to make the amendment is merely filed with the record.

2. "The Court points out that when such permission or order is given, the amendment must be made in the plaint at once, and orders that it be attested by the signature of the presiding Judge."

No. 8, *dated the* 12*th May* 1876.

With a view to avoid wear and tear of the seals recently provided for the use of District Judges, Government has, on the recommendation of the Court, sanctioned the supply of seals of a smaller size and simpler make for use on minor occasions.

2. These seals, when ready, will be forwarded by the High Court.

3. It must, however, be understood that they are not to be used for sealing judgments, writs, processes, or other documents made or issued judicially; for such purpose the regular seal of the Court should alone be employed, under the superintendence of a responsible officer. But for all other purposes the smaller seals should be used.

Sheriff's Office, the 3rd May 1876.

RESOLUTION.

GENERAL DEPARTMENT—MARINE—No 1526

Calcutta, the 27th May 1876.

READ—

The following papers on the subject of the grounding of the ship *Mahableshwar*:—

Letter from Messrs. Lyall, Rennie and Company, dated the 29th February 1876.

Letter from the Officiating Master-Attendant, No. 1730, dated the 8th March 1876.

Letter from the Officiating Deputy Master-Attendant in charge, No. 2653, dated 13th April 1876.

Letter to the Deputy Master-Attendant in charge, No. 1179, dated 21st April 1876.

Letter from the Officiating Deputy Master-Attendant in charge, No. 3269, dated 5th May 1876.

1. Messrs. Lyall, Rennie and Company have complained that this ship, of which they are agents, grounded in the Rungafulla Channel on the 14th January, when going to sea under the pilotage charge of Mr. Wells, Acting Branch Pilot. They say that an alteration in the channel was communicated to the Master-Attendant on the previous day, the 13th, but was not made known, as it should have been, to the pilots.

The ship's grounding, they add, has caused a loss of Rs. 25,000: and they request that enquiry may be made into the practice of the Master-Attendant's office, in giving information to pilots of changes which occur in the channels.

2. In this case, the Lieutenant-Governor considers that it is clearly established that the pilot and the Master-Attendant's office were in no way in fault, and that the entire blame attaches to the River Surveyor. It is the duty of the River Surveyor, when he finds any change in the channels, at once to send to Bankshall a report and a duplicate sketch. The report is copied into the channel order book, and one of the sketches is kept there: this makes the change known to the pilots in Calcutta, who are bound to inform themselves of all entries in the channel order book. The original report, with the duplicate sketch, is then sent down to the Sandheads, for the information of the pilots on board the brigs.

3. Besides these special reports and sketches, the River Surveyor sends up, from time to time, charts showing those alterations which have already been embodied in the special reports. These charts are not examined in the Master-Attendant's office; they are sent on at once to the Surveyor-General for reproduction by photozincography, and copies are then available for sale to merchants and to the public. It is understood that no change will appear in the chart, which has not already been made the subject of a special report.

4. The River Surveyor, Mr. Laycock, had sent up, on the 28th December, a report, with sketches in duplicate, of certain changes in the Rungafulla Channel. On the 8th January he sent a chart, which reached the Master-Attendant's office on the 13th, and was as usual sent on to the Surveyor-General without examination. But this chart showed an important change in the channel, of which no report and sketch had previously been given. A spit of sand had run out into the usual navigation channel, and it was upon this spit that the *Mahableshwar* grounded. If the channel had been in the condition shewn by the report and sketch of the 28th December, the pilot would have had 23½ feet of water at the place where the ship grounded. She was drawing 21½ feet, and the chart of the 8th January showed 20½ feet in this place.

5. Mr. Laycock's explanation is to the effect that he thought the change of no great importance, and that, if the pilot had kept more to the eastward, he would have had plenty of water. The Master-Attendant shows, in the 8th paragraph of his letter, that this explanation cannot be accepted as satisfactory.

6. The Master-Attendant was not, the Lieutenant-Governor thinks, to blame for not examining the chart. He might reasonably presume that it would not contain any information which had not previously been specially communicated. The pilot was not to blame for not keeping further to the eastward, as he had every reason to suppose that he was keeping a perfectly safe course.

7. The River Surveyor seems to the Lieutenant-Governor to have committed a grave neglect of duty in omitting to report, in the usual manner, a material change in one of the navigating channels; and it is to this neglect that the disaster to the ship is to be attributed. Mr. Laycock is in general honourably distinguished by vigilance and attention to his duties, and the Lieutenant-Governor regrets the necessity for passing this censure upon him. But in this case it is evident that Mr. Laycock's omission to report the alteration resulted in causing a considerable loss of property, and endangered the safety of the vessel and the lives of those on board. The Lieutenant-Governor therefore directs that Mr. Laycock be informed that his neglect of duty in this instance is regarded by the Government with serious displeasure, and that he be warned that inattention and oversight cannot be excused in an officer who holds so responsible a post as that of River Surveyor.

GOVERNMENT OF INDIA,—FINANCIAL DEPARTMENT.

RESOLUTION.

Simla, the 31st May 1876.

The Governor-General in Council is pleased to resolve that, in the absence of specific orders to the contrary, whenever any sum due to the Government in sterling money is tendered or recovered in Government Rupees, the amount to be accepted in British Indian currency shall be calculated at the rate of exchange fixed for the adjustment of financial transactions between the Indian Government and Her Majesty's Imperial Government at the time the demand for payment is made. It will always, however, be at the option of the debtor to discharge his obligations by a bill payable on demand drawn upon London by any well known Bank or Firm.

NOTIFICATION.

The 13th June 1876.—The following application, made by the Municipal Commissioners of Darjeeling, for a loan of Rs. 30,000 under the Local Public Works Loan Act, XXIV of 1871, for the purpose of increasing and improving the water-supply of the station, for extending the drainage, and for railing the more dangerous roads thereof, is hereby published for general information, under Section 5 of the Rules prescribed by the Government of India in the Financial Department in Notification No. 3761, dated the 15th October 1873.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

We, the undersigned Municipal Commissioners of Darjeeling, under Act III (B.C.) of 1864, beg to submit the following application for a loan of Rs. 30,000, and to request that His Honor the Lieutenant-Governor will be pleased to grant it:—

1. The loan is required for the following purposes:—

I.—The increase and improvement of the water-supply of Darjeeling, which is insufficient for the purposes of the station during four months of the year, by tapping the Kotwalli Spring at a point on or near the Auckland Road, and connecting this point with the existing pipes above Woodlands, and by erecting new and improved hydrants. Estimated cost Rs. 13,000.

II.—The extension of the present drainage in the direction of the Hospital, Kohel and other hill streams, so as to prevent the accumulation of sewage in the slopes lying under the Bazar and Victoria Road. Estimated cost Rs. 8,000

III.—The construction of railings along the more dangerous parts of the following roads:—

Auckland Road.	Birch Hill Road.
Victoria Road.	Station Roads

Estimated cost Rs. 9,000.

2. The amount of loan now applied for is Rs 30,000.

3. The security offered for the above will be as follows:—

	Rs.	A.	P.
I.—Proceeds of house-tax, estimated to yield ...	5,784	12	0
II.—Horse and poney-tax	600	0	0
III.—Rent of locations	4,684	0	0
IV.—Bazar rents	13,000	0	0
V.—Native village rent	1,300	0	0
VI.—Pound fines	500	0	0
Total ...	25,868	12	0

4. The house and horse taxes are levied under Act III of 1864.

The rents of locations with which those of native villages are to be classed were first assigned to the use of the Sanitarium in 1838. This was confirmed by orders of Government passed in 1854, again in orders No. 217, of the 14th January 1864, and finally in the Resolution of the Government of Bengal dated 27th June 1873.

The bazar rents are derived from buildings erected by the Municipality out of its revenues, and situated on land made over to it by Government.

The pound fines were made over to the Municipality under orders dated 14th October 1862, contained in letter No. 3625, from the Under-Secretary to the Government of Bengal to the Superintendent of Darjeeling.

5. It is proposed to take the loan in two instalments of Rs. 15,000 each, viz. Rs. 15,000 on the loan being sanctioned and Rs. 15,000 on the 1st July next. It is proposed to pay back the loan in twenty years by equal half-yearly instalments of Rs. 750, or 1,500 per annum.

In this manner the payments would be made within twenty years, as provided in Clause C, Rule X of the Rules of the 15th October 1873.

6. It is not possible to give the details required for the three years last preceding, as the limits of the Municipality were much reduced in the beginning of the year 1874-75, and the sources of income, as well as the objects of expenditure, were so much affected by this change that any attempt at comparison with former years would be deceptive.

The following table shows proceeds of the various sources of Municipal income in 1874-75:—

	Rs.	A.	P.
House-tax	5,028	8	4
Horse-tax	579	0	0
Bazar rents	11,732	4	8
Rent of locations	4,484	8	0
Rent of native village	1,231	11	5
Pound fines	229	13	0
All other sources, viz. hospital subscription, sale of garden produce, &c.	4,583	2	7

REVISED DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

No. 200.

NOTIFICATION.—IRRIGATION BRANCH.

Dated the 13th June 1876.

IN exercise of the powers conferred on him by Act III B.C. of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following draft rules for the Sone Canals.

Rules under Act III B.C. of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed

5. The Divisional Canal Officer may withhold or postpone the grant of water for a crop to any cultivator whose fields he may have ascertained by personal inspection (by himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361·25 superficial feet, and by the addition of small water channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 25.*

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions:—

(*a*).—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b*).—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water-course according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course.

(*c*) —That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint, a headman.

(*d*).—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10.

(*e*.)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A.) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B.) from such officer.

(*f*.)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub-Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(*g*.)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(*h*.)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9 The allowance to the headman of a water-course for duties connected with that water-course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 5 per cent. on the assessments of canal water-rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 5 per cent. on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchments under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government, and private individuals, for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations:—

(*a*.)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle; such tanks are generally in the immediate neighbourhood of villages.

(*b*.)—No tank shall be so filled from which irrigation is practised.

(*c*.)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d*.)—No tank shall be so filled except on the written order of the Sub-divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times, and to such extent, as the Sub-divisional Canal Officer approves.

(*e*)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-divisional Canal Officer to be in a sound condition when the application is made.

(*f*.)—The privilege herein accorded may be suspended for twelve months for breach of these regulations, by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his Assistants) that the water-course is not maintained in proper repair. Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of water-courses. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission, under section 76 (*b*), of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges. All applications for remission of water-rate shall be made to the Divisional Canal Officer at least seven days previous to the cutting of the crop. An appeal from the Divisional Canal Officer's decision shall lie to the Superintending Canal Officer, whose order shall be final.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. Under this rule an appeal shall lie to the Commissioner of the Division, whose order shall be final.

19. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follows:—

WATER-RATES.

1 Beegha ... = 27225·00 „ „

20. If only a portion of a field be irrigated, the water rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

21. When a portion of a field has been irrigated with canal water, and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

22. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate.

23. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

24. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant Governor.

25. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act.

26. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit.

27. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

28. When the original crop sown in a canal-irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop.

29. When a field is irrigated which has not been prepared by division into compartments and by the addition of small water channels as prescribed in Rule 5, an additional charge may be imposed, equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

30. The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer.

31. All water-rates shall become due on the dates noted on the "permits," viz. the dates on which the crops ordinarily come to maturity, and are as follows:—

Water-rate on spring crops,—wheat, barley, peas, poppy, &c.,—shall become due on 31st March.

Water-rate on summer crops,—cheena, &c.,—shall become due on 30th June.

Water-rate on bhadoi crops,—seera rice, Indian-corn, murwa, &c.,—shall become due on 31st October.

Water-rate on annual and winter crops,—aghani rice, joaur, &c.,—on 31st December.

and shall be paid within one month of such dates.

32. In the case of lands held on Báoli tenures, half the water rates shall be recoverable from the zemindar or landlord.

33. Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

34. The Collector will make the collections through the Deputy Collectors attached to each division of the canal, and the Subordinate Canal Revenue Establishment.

35. Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer. Meanwhile the collection of the demand shall not be suspended.

36 Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer.

37. A remission statement signed by the Superintending Canal Officer, shall be sufficient authority for a refund by the Collector.

38. If the decision of the Divisional Canal Officer uphold the original demand, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order. The decision of the Superintending Canal Officer shall be final.

39. In cases in which the water-rate is irrecoverable, from the absconding or bankruptcy of the defaulter, or when the question at issue does not depend on the canal supply, or the action of the Irrigation Department, the Collector will obtain sanction to remission of canal demands from the Commissioner of the Division. All such remissions shall be reported at the close of each official year to the Divisional Canal Officer.

40. If a cultivator is dissatisfied with the entries made against him in the "permit" (Appendix B), whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer within fifteen days of the issue of the permit.

41. No person, without the permission in writing of the Divisional or Sub-Divisional Canal Officers, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting upon such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

42. No Canal Officer, unless specially exempted by the Lieutenant-Governor, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name, or in the name of another, or jointly, or in shares with others.

SUBORDINATE CIVIL SERVICE EXAMINATION, 1876.

RESOLUTION.

APPOINTMENT DEPARTMENT.

Darjeeling, the 17th June 1876.

READ again—

The report of the Superintendent of the Subordinate Civil Service Examination on the result of the examination held in 1875, and the Resolution of the Government recorded thereon, dated 22nd June 1875.

The Resolution of this Government in the General Department, dated the 10th March 1875, intimating to certain Acting Deputy Magistrates and Deputy Collectors that their retention in the public service depended entirely on their passing the examinations to which they were still respectively liable.

The Minute recorded by the Lieutenant-Governor of Bengal, dated the 25th September 1875, on the competitive examinations for admission of candidates to the Native Civil Service of Bengal.

The Notification of this Government in the General Department, dated the 23rd November 1875, promulgating the revised rules to regulate the Native Civil Service Examination to be held in 1876, and future examinations.

Read also—

Letter from the Superintendent of the Subordinate Civil Service Examination, No. 35, dated the 15th May 1876, reporting the result of the examination held in March last at Hooghly, Patna, and Cuttack.

In paragraph 9 of the Resolution dated the 22nd June 1875, it was announced that, in view of the large number of passed candidates who had yet to be provided with appointments, the Lieutenant-Governor had decided not to hold another general examination under the then existing rules until further notice. Subsequently, in his Minute dated the 25th September 1875, the Lieutenant-Governor, after reviewing the principle on which the examinations had been previously conducted for admission to the Native Civil Service, pointed out that it had resulted in the passing of a larger number of candidates than the Government could conveniently provide with appointments, and directed that, instead of all candidates being passed who came up to a given standard, the examinations in future should be competitive, that is, that a fixed number of places in the higher and in the lower classes of appointments would be prescribed, for which those candidates would be passed who came out first at the examination. It was further laid down that no candidate would be passed for the higher grade of appointments unless he obtained at least two-thirds, or for the lower grade of appointments unless he obtained at least half, of the total number of obtainable marks upon the whole examination.

2. The number of appointments offered for competition at the past examination, which is the first held under the new rules, was four in the higher and seven in the lower grade; that is, four appointments on Rs. 100 per mensem or upwards, and seven on salaries below that amount. The examination was held in March last at Hooghly, Patna, and Cuttack. Ten candidates entered as competitors, but only 8 appeared and underwent examination. Of these, 3 entered for the higher grade and 5 for the lower; but none passed for the former, and only the 5 candidates named in the margin passed for the latter grade.

1. Moonshee Azizar Ruhman.
2. Mahomed Azhar.
3. Baboo Brojonath Bhuttacharjee.
4. „ Madhub Lall.
5. „ Kumal Chunder Dutt.

3. Of these five, two—(1) Moonshee Azizar Ruhman, and (2) Mahomed Azhar, who were candidates for the lower grade—have obtained more than two-thirds of the number of marks, and are therefore, under paragraph 7 of the revised Examination Rules, eligible for appointments of the higher class. They hold, however, no University degree, nor have they either served Government for a period of six years, or been specially declared eligible for all appointments, as required by paragraph 5 of the rules: the Superintendent of the Examination proposes therefore to place them in the lower grade. Looking, however, to the very good examination which these two candidates have passed, the Lieutenant-Governor has been pleased to waive in their favor, as a special case, the objections which exist under the rules to their being placed in the higher grade, and they are accordingly declared eligible for appointment in that grade.

4. Of the remaining three who have passed, two—(3) Baboos Brojonath Bhuttacharjee, and (4) Madhub Lall—were candidates for the higher grade, but have failed to obtain the requisite number of marks; they have, however, obtained more than half the total number of marks, and the Superintendent recommends that they should be declared eligible for employment in the lower class of appointments. In making this recommendation, the Superintendent has overlooked the provisions of Rule 7 of the revised Examination Rules, which lays down that "candidates must declare whether they desire to compete for the higher or the lower class, and that a candidate for a place in the higher class will not be eligible at that examination for a place in the lower class." In consideration, however, of the recommendation of the Superintendent of the Examination, and of the fact that the number of candidates at the late examination was fewer than the number of appointments offered for competition, the Lieutenant-Governor is pleased, as a special case, to waive in their case also the objection noted above. These two candidates, together with Baboo Kumal Chunder Dutt, are therefore pronounced eligible for appointments in the lower class.

5. Of the three candidates who failed, Mahomed Nuzerooddin and Baboo Kooldeep Narain Sing already fill appointments in the Subordinate Executive Service conditionally on passing the requisite standard of examination.

Mahomed Nuzerooddin was appointed surveyor in Balasore in July 1873, subject to passing in 1874. He was subsequently granted further time for preparation till 1875, and, with reference to the result of his examination in the latter year, another year's grace was allowed. He was at the same time exempted from examination in chemistry, botany, and gymnastics. As he has now obtained passing marks in engineering and Oriya, and fair marks in all other subjects except Bengali, which is not the vernacular of his district, and as he is also favorably reported on by his superiors, the Lieutenant-Governor has been pleased, as a special case, to declare him as fully passed for the lower grade.

Baboo Kooldeep Narain Sing was appointed 2nd Grade Canoongoe in Gya in November 1873, subject to passing the Native Civil Service Examination. He was exempted from attendance at the examination of 1874 in consideration of his employment on famine relief operations. He did not attend the examination in 1875, owing, it was alleged, to ignorance of the date of the examination. On a consideration, however, of the recommendations made by the Commissioner of Patna and the Collector of Gya, the Baboo was permitted, as a special case, to retain his appointment, subject to passing at the examination in 1876, and was distinctly given to understand that no excuse would be entertained for failure on his part to attend or to pass at that examination. As he has now obtained half marks in only one subject, viz. in the vernacular, and very low marks in all other subjects, the Lieutenant-Governor directs that he be removed from his appointment.

6. In the orders passed on the report of the result of the examination in 1875, it was stated that candidates who had conditionally passed at that examination would, as a special case, be allowed to appear at the examination of 1876. Accordingly thirteen such candidates obtained permission to attend the examination, but twelve only, including five assistants of the Opium Department, who were to be examined in the special subjects of surveying, botany, and chemistry, appeared and underwent the examination. All the opium assistants failed; the case of these officers will be dealt with departmentally. Of the others, the three named in the margin have now finally passed for the lower grade, and are accordingly declared to have done so under the old rules. Of the remaining four, Baboo Kedar Nath Banerjee has now passed in law and botany, but is still liable to pass in chemistry before he can be considered to have passed the examination for the higher grade. Baboo Ram Lall has now passed in law and drawing, and has still to pass in surveying and mensuration before he can be considered to have passed the examination for the lower grade. This candidate is already in the service on probation, and as he is well spoken of by the officers under whom he is employed, he will be

Baboo Sree Kishore Mozoomdar.
" Harroda Prosad Bhuttacharjee.
" Kedar Nath Mookerjee.

held to have passed for the lower grade on condition that he succeeds in passing completely at the next examination.

Baboo Doorga Mohun Ghose has now passed in law for the lower grade, and is still liable to pass in surveying and engineering. This candidate is also in the service, and as he is well reported of, he will be held to have passed for the higher grade, provided he passes completely at the next examination.

Abdul Mujeed was examined by mistake in Hindustani instead of in Bengali, and has passed in the former language for the lower grade, but he has failed in law and surveying. This candidate was appointed to the service in January 1874, conditionally on his passing the examination in 1875, and as he did not attend the examination held in that year, and has failed to pass at the present examination, the Lieutenant-Governor directs that he be removed from his appointment.

7. The officers named in the margin, who now hold appointments conditionally on passing the requisite standard, failed to attend the examination.

1. Eknath Sahoy, Canoongoe, Shahabad.
2. Kaliprosunno Roy Chowdry, Canoongoe, Nuddea.
3 Akhury Char Shambhujan, Canoongoe, Lohardugga.

Eknath Sahoy, Canoongoe in Shahabad, was appointed in 1873, subject to passing. He was exempted from attendance at the examination of 1874, owing to his employment on famine relief work. He did not attend the examination held in 1875, but, on the recommendation of the Commissioner of Patna, was permitted to retain his appointment and to appear at the next examination. This, however, he has not done, and the Lieutenant-Governor therefore directs that he be removed from his appointment.

Baboo Kaliprosunno Roy Chowdry was appointed Canoongoe in February 1874, subject to passing the Native Civil Service Examination. He was exempted from attendance at the examination in 1874, but was informed that no excuse for non-appearance at the examination of 1875 would be admitted. He did not, however, attend the examination in that year, and no report was received as to the cause of his absence. As he has also failed to attend the present examination, the Lieutenant-Governor directs his removal from the service.

Akhury Char Shambhujan was appointed a Canoongoe in Lohardugga in February 1874, subject to passing the Native Civil Service Examination. As he has since failed to attend any of the examinations, he must now be removed from the service.

8. In accordance with the terms of the Lieutenant-Governor's Minute of the 25th of September last, the vacancies thus caused will be filled up by the candidates who have passed the recent examination in the lower grade; the two candidates also who have now been declared to have passed for the higher grade will be immediately provided with appointments in that grade.

9. In the Resolution of the 10th March 1875, a warning was conveyed to certain Acting Deputy Magistrates and Deputy Collectors that their retention in the public service depended entirely on their passing the examination to which they were severally liable, and their attention was again drawn to the subject in the subsequent Resolution of the 22nd June 1875. Two of these officers, Baboo Koilash Chandra Chatterjee and Moulvie Muizuddin Ahmed, being employed in settlement work were not able to attend, and another, Moulvie Motiulla, was specially exempted from attendance. But none of the other officers liable to examination attended the present examination, nor has any explanation as to the cause of their absence been laid before Government. The Lieutenant-Governor now requests that Commissioners of Divisions will be good enough to submit, at an early date, a special report regarding such of these officers as may be serving within their divisions. The reasons why they failed to attend the examination should be fully explained, and Commissioners and District Officers should at the same time submit any recommendations which they may wish to make with regard to the further retention of these officers in the Government service.

10. As the Superintendent reports that the paucity in the number of candidates who entered for the competitive examination is probably owing to the fact that the new Examination Rules were not made public sufficiently

early in the year to afford candidates much time for preparation, and that the terms were not generally nor properly understood, the Commissioners of Divisions and District Officers are requested to take every opportunity of explaining the principle on which these examinations are conducted, and to notify, as widely as possible, that another examination will be held in February or March next. The precise date on which the examination will be held next year will be shortly notified, as well as the number of appointments to be competed for in each grade.

11. The thanks of Government are due to Mr. Grimley, and to the gentlemen who were associated with him in conducting the recent examination.

NOTIFICATION.

The 13th June 1876.—The following application, made by the Municipal Commissioners of Darjeeling, for a loan of Rs. 30,000 under the Local Public Works Loan Act, XXIV of 1871, for the purpose of increasing and improving the water-supply of the station, for extending the drainage, and for railing the more dangerous roads thereof, is hereby published for general information, under Section 5 of the Rules prescribed by the Government of India in the Financial Department in Notification No. 3761, dated the 15th October 1873.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

We, the undersigned Municipal Commissioners of Darjeeling, under Act III (B.C.) of 1864, beg to submit the following application for a loan of Rs. 30,000, and to request that His Honor the Lieutenant-Governor will be pleased to grant it:—

1. The loan is required for the following purposes:—

I.—The increase and improvement of the water-supply of Darjeeling, which is insufficient for the purposes of the station during four months of the year, by tapping the Kotwalli Spring at a point on or near the Auckland Road, and connecting this point with the existing pipes above Woodlands, and by erecting new and improved hydrants. Estimated cost Rs. 13,000.

II.—The extension of the present drainage in the direction of the Hospital, Kohel and other hill streams, so as to prevent the accumulation of sewage in the slopes lying under the Bazar and Victoria Road. Estimated cost Rs. 8,000.

III.—The construction of railings along the more dangerous parts of the following roads:—

Auckland Road.	Birch Hill Road.
Victoria Road.	Station Roads.

Estimated cost Rs. 9,000.

2. The amount of loan now applied for is Rs. 30,000.

3. The security offered for the above will be as follows:—

	Rs.	A.	P.
I.—Proceeds of house-tax, estimated to yield ...	5,784	12	0
II.—Horse and poney-tax	600	0	0
III.—Rent of locations	4,684	0	0
IV.—Bazar rents	13,000	0	0
V.—Native village rent	1,300	0	0
VI.—Pound fines	500	0	0
Total ...	25,868	12	0

4. The house and horse taxes are levied under Act III of 1864.

The rents of locations with which those of native villages are to be classed were first assigned to the use of the Sanitarium in 1838. This was confirmed by orders of Government passed in 1854, again in orders No. 217, of the 14th January 1864, and finally in the Resolution of the Government of Bengal dated 27th June 1873.

The bazar rents are derived from buildings erected by the Municipality out of its revenues, and situated on land made over to it by Government.

The pound fines were made over to the Municipality under orders dated 14th October 1862, contained in letter No. 3625, from the Under-Secretary to the Government of Bengal to the Superintendent of Darjeeling.

5. It is proposed to take the loan in two instalments of Rs. 15,000 each, viz. Rs. 15,000 on the loan being sanctioned and Rs. 15,000 on the 1st July next. It is proposed to pay back the loan in twenty years by equal half-yearly instalments of Rs. 750, or 1,500 per annum.

In this manner the payments would be made within twenty years, as provided in Clause C, Rule X of the Rules of the 15th October 1873.

6. It is not possible to give the details required for the three years last preceding, as the limits of the Municipality were much reduced in the beginning of the year 1874-75, and the sources of income, as well as the objects of expenditure, were so much affected by this change that any attempt at comparison with former years would be deceptive.

The following table shows proceeds of the various sources of Municipal income in 1874-75 :—

	Rs.	A.	P.
House-tax	5,028	8	4
Horse-tax	579	0	0
Bazar rents	11,732	4	3
Rent of locations	4,484	8	0
Rent of native village	1,231	11	5
Pound fines	229	13	0
All other sources, viz. hospital subscription, sale of garden produce, &c.	4,583	2	7
Total ...	27,868	15	7

The expenditure during the year was Rs. 27,494, out of which Rs. 700 consisted of recoverable advances, and Rs. 1,583 was a contribution to a work outside the new limits of the Municipality.

7. The value of bazar buildings, &c., is about Rs. 1,50,000.

8. There are no existing prior charges upon any of the sources of income above enumerated.

REVISED DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

No. 200.

NOTIFICATION.—IRRIGATION BRANCH.

Dated the 18th June 1876.

IN exercise of the powers conferred on him by Act III B.C. of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following draft rules for the Sone Canals.

Rules under Act III B.C. of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water-course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water for a crop to any cultivator whose fields he may have ascertained by personal inspection (by himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361·25 superficial feet, and by the addition of small water channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule* 25.

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions:—

(*a.*)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b.*)—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water course according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course.

(*c.*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint, a headman.

(*d.*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10.

(*e.*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A.) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B.) from such officer.

(*f.*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub-Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(*g.*)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(*h.*)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9. The allowance to the headman of a water-course for duties connected with that water-course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 5 per cent. on the assessments of canal water-rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 5 per cent. on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchments under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government, and private individuals, for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations:—

(*a.*)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle; such tanks are generally in the immediate neighbourhood of villages.

(*b.*)—No tank shall be so filled from which irrigation is practised.

(*c.*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d.*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times, and to such extent, as the Sub-Divisional Canal Officer approves.

(*e.*)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f.*)—The privilege herein accorded may be suspended for twelve months for breach of these regulations, by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his Assistants) that the water-course is not maintained in proper repair. Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of water-courses. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission, under section 76 (*b*), of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges. All applications for remission of water-rate shall be made to the Divisional Canal Officer at least seven days previous to the cutting of the crop. An appeal from the Divisional Canal Officer's decision shall lie to the Superintending Canal Officer, whose order shall be final.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. Under this rule an appeal shall lie to the Commissioner of the Division, whose order shall be final.

19. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follows :—

20. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

21. When a portion of a field has been irrigated with canal water, and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

22. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate.

23. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

24 Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant Governor.

25. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act.

26. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit.

27. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

28. When the original crop sown in a canal-irrigated field fails and is ploughed up and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop.

29. When a field is irrigated which has not been prepared by division into compartments and by the addition of small water channels as prescribed in Rule 5, an additional charge may be imposed, equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

30. The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer.

31. All water-rates shall become due on the dates noted on the "permits," viz. the dates on which the crops ordinarily come to maturity, and are as follows:—

Water-rate on spring crops,—wheat, barley, peas, poppy, &c.,—shall become due on 31st March.

Water-rate on summer crops,—cheena, &c,—shall become due on 30th June.

Water-rate on bhadoi crops,—seera rice, Indian-corn, murwa, &c.,—shall become due on 31st October.

Water-rate on annual and winter crops,—aghani rice, joaur, &c.,—on 31st December. and shall be paid within one month of such dates.

32. In the case of lands held on Báoli tenures, half the water rates shall be recoverable from the zemindar or landlord.

33. Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

34. The Collector will make the collections through the Deputy Collectors attached to each division of the canal, and the Subordinate Canal Revenue Establishment.

35. Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer. Meanwhile the collection of the demand shall not be suspended.

36 Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer.

37. A remission statement signed by the Superintending Canal Officer, shall be sufficient authority for a refund by the Collector.

HIGH COURT NOTICES.

Circular Orders issued by Authority of the High Court of Judicature at Fort William in Bengal.

CRIMINAL.

No. 2, dated the 5th May 1876.

SECTION 301 of the Criminal Procedure Code directs the Court of Session, on receipt of the order of the High Court confirming a sentence of death, to issue a warrant to the officer in charge of the jail in which the prisoner is confined, to cause the sentence to be carried into execution. As it is expedient to provide that a sufficient but not excessive interval should elapse between the passing and the execution of such sentences, the High Court directs that the date named by the Sessions Court, in its warrant, for the execution of a sentence of death shall be not less than fourteen, nor more than twenty-one, days from the date of the issue of such warrant.

CIVIL.

No. 9, dated 12th May 1876.

The accompanying copy of a correspondence regarding evasions of the Stamp Law by native money-lenders in certain classes of loan transactions, is circulated for the information and attention of all Civil Courts.

From H. LEE, ESQ., *Acting Assistant Secretary to the Government of Bengal, to the Registrar of the High Court of Judicature, Calcutta,*—(*No.* 1018, *dated* 13*th April* 1876.)

IN continuation of this office letter No. 374, dated the 9th February 1876, I am directed to forward the accompanying copy of a letter* from the Board of Revenue, on the subject of evasions of the stamp law in certain classes of loan transactions by native money-lenders, and to request that the Hon'ble Judges may be moved to direct the issue of the necessary instructions to the Subordinate Civil Courts, on the points indicated by the Board of Revenue, for the prevention of the evasions in question.

* No. 222B., dated 23rd March 1876.

From W. H. GRIMLEY, ESQ., *Officiating Secretary to the Board of Revenue, to the Secretary to the Government of Bengal, Revenue Department—No.* 222*B., dated Fort William, the* 23*rd March* 1876.

IN paragraph 69 of the Board's report on the administration of the Stamp Department for 1874-75, an instance is related of the manner in which the stamp laws are evaded by native bankers in loan transactions. In the case in question the money-lender was in the habit of advancing money without drawing up a formal bond, but a book was kept by him, made up of a number of loose pages stitched together with a piece of string. On each page was a loan transaction, thus: I, A. B., have this day borrowed of you, C. D., Rs. 100, with interest at 4 per cent. per mensem;—signed A. B., witnesses E. F., &c.; loan to be repaid in such and such instalments; and so on. Each leaf of the book related to a separate loan transaction, and could be removed at will. In case of default, the book, or leaf of the book, was produced in Court in support of a suit by C. D. against A. B. This is said to be a type of similar transactions of daily occurrence in many parts of Bengal, and it is asserted that Civil Courts frequently give decrees on such informal documents, sometimes without any enquiry as to the absence of a stamp, and sometimes by admitting the document in evidence after payment of penalty duty under the provisions of section 20 of the Stamp Act XVIII of 1869. Either course is apparently illegal. The Member in charge is advised by the Advocate-General that each page of the loan book as above described constitutes a promissory note as defined in section 3, clause 25 of the Stamp Act, and is therefore liable to stamp duty under article 2 of schedule I, annexed to the Act; under section 18 they are not therefore admissible in evidence without being duly stamped. Nor is it possible to correct the omission of stamp duty by payment to the Civil Court of penalty duty under section 20, inasmuch as it is expressly declared in section 28 that the provisions of section 20 do not apply to promissory notes.

2. Mr. Money thinks that it would perhaps have some effect in checking evasions of stamp duty on loan transactions if the attention of the High Court were invited to the existence of the practice as above described, with the view of such instructions being issued to the Subordinate Civil Courts as will prevent the acceptance in evidence of unstamped pages of an account book in lieu of a sufficiently stamped promissory note, and also prevent their admission, on payment of penalty duty, under section 20 of the Stamp Act.

3. I am further directed to suggest that the attention of Courts may be drawn to the fact that in very many instances promissory notes require to be engrossed on paper of a special kind, bearing stamps of a peculiar device. Under section 5 of the Act, all promissory notes, except those chargeable with the duty of one anna, must necessarily be written either on impressed paper, *i.e.*, paper impressed with a stamp, or upon paper upon which the stamp has been denoted in a peculiar manner by the Superintendent of Stamps or the Collector. Two samples, A and B, of impressed paper are enclosed. Specimen A, however, has ceased to be manufactured, and will only continue in use till present stocks are exhausted. A specimen (C) of denoted paper is also enclosed. This paper is denoted by the Superintendent of Stamps, Calcutta, and is sold to the public. The Collector of Calcutta also "denotes" by means of a circular steel die, but that process is effected after the body of the deed is written, and there is no mistaking it. Consequently, in certain cases, a promissory note inscribed on a leaf of an account book, even though it were stamped with an adhesive stamp, is not admissible in evidence as being duly stamped in accordance with the law.

No. 10, *dated the* 5*th June* 1876.

Instances are frequently coming to the notice of the High Court in which cases have been remanded on appeal, although the state of facts contemplated by Section 351, Code of Civil Procedure, did not exist, and the order of demand was therefore contrary to law, and in some of these cases the evidence was actually complete.

2. Appellate Courts, in some instances, thus get rid of appeals, merely deciding a single, and perhaps very simple, point and so obtaining credit for the decision of a large number of cases; while, on the other hand, parties to the suits are put to the expense and trouble of a new trial in the lower Court, and probably of a fresh appeal on the new decision.

3. Such a practice, wherever it prevails, must be forthwith discontinued. The proper mode of proceeding will be found laid down in Sections 351 to 357 of the Civil Procedure Code, and Circular Order No. 36, dated the 12th September 1866; and the occurrence of any instances such as have necessitated the issue of this order will be very seriously noticed by the High Court.

No. 11, *dated the* 5*th June* 1876.

It has been brought to the notice of the High Court that Commissions under Section 175 of the Civil Procedure Code are not unfrequently addressed by various inferior Courts in the Lower Provinces to the Judicial Commissioner of Oudh. This practice is improper and must be discontinued. Commissions should in future be addressed either to the nearest local Court, if known, or to the Court of the Deputy Commissioner, which is in Oudh the District Court, or in Lucknow, to that of the Civil Judge.

Election of Commissioners.

16. The Lieutenant-Governor may at any time direct that the whole or any number of the Commissioners to be appointed under the last preceding section shall be elected, and may lay down such rules as he shall think fit, not being inconsistent with the provisions of this Act, in respect of the qualifications required to entitle any person to stand as a candidate for such election, and to entitle any person to vote for any such candidate, and in respect of the mode of election; and the Lieutenant-Governor may at any time cancel any rule made by him under this section.

But the elective system shall not be introduced into any Municipality unless the Magistrate certifies that at least one-third of the rate-payers residing therein have signed a petition praying for its introduction.

Ex-officio Commissioners.

17. In addition to the Commissioners appointed or elected as hereinbefore provided, the Magistrate of the district, the Magistrate of the division, and the medical officer in charge of the district shall be *ex-officio* Commissioners of every Municipality situated within their respective jurisdictions; and the Lieutenant-Governor may direct, by notification in the *Calcutta Gazette*, that

18. The Lieutenant-Governor may appoint any persons to be *ad-interim* Vice-Chairman and Commissioners pending the election of Commissioners.

Qualification of Commissioner.

25. When any Commissioners have been elected in a Municipality, the rule of rotation in the last preceding section shall be applied separately to the Commissioners who have been appointed, and separately to the Commissioners who have been elected.

Calculation of number of the Commissioners.

26. In calculating the whole number of Commissioners for the purposes of section twenty-four, all *ex-officio* Commissioners shall be excluded; and such *ex-officio* Commissioners shall remain Commissioners so long as they continue to hold the respective offices in virtue of which they are respectively Commissioners.

Retirement of Commissioners by rotation.

27. When this Act comes into force in any place in which persons appointed or elected under any enactment hereby repealed remain in office as Commissioners, one-third of the whole number of which the body may consist on the date when this Act so comes into force shall retire at the end of one year, and another third at the end of two years, and the rest at the end of three years, to be computed from the first day of the year next following the date on which this Act shall have come into force in such place.

In case such whole number is not evenly divisible by three, the one-third shall be ascertained by taking the number next below the whole number which is evenly divisible by three, as the number to be divided.

The Commissioners who shall retire at the end of the first and second year respectively shall be selected by lot out of those who have held office for more than three years at the end of such years respectively; and should the number of persons who have held office for more than three years fall short of one-third of the whole number of Commissioners, the number required to make up the one-third shall be selected by lot out of those Commissioners who have held office for less than three years.

When Commissioner may be re-appointed or re-elected

28. Any person who has resigned the office of Commissioner, or has retired therefrom under sections twenty-three, twenty-four, or twenty-seven, or who has ceased to be a Commissioner in consequence of his failure to attend meetings as provided in section twenty-two, may be at any time re-appointed or re-elected a Commissioner; but no person removed by the Lieutenant-Governor from his office under section twenty-one, or who has ceased to be a Commissioner in consequence of being sentenced to imprisonment may be elected or re-elected a Commissioner without the sanction of the Lieutenant-Governor.

Chairman of Commissioners

29. Unless the Lieutenant-Governor shall appoint any other person to be such Chairman, the Magistrate of the district, if the Municipality be within the sudder division, and the Magistrate in charge of the division of the district, if the Municipality be situated within any other than the sudder division, shall be *ex-officio* Chairman of the Commissioners of the Municipality.

The Magistrate of the district may, with the sanction of the Commissioner of the division, delegate to any Magistrate subordinate to him at a sudder station any of the powers vested by this

The Vice-Chairman, on election or re-election, shall be held to be appointed a Commissioner under this Act during his term of office.

The Vice-Chairman may at any time be removed from the office of Vice-Chairman by a resolution of the Commissioners, in favor of which not less than two-thirds of the Commissioners shall have given their votes either personally or in writing:

But the Lieutenant-Governor may from time to time, by notification, exclude any road, bridge, embankment, or drain from the operation of this Act, and may cancel such notification wholly or in part; provided that if the cost of the construction of the work shall have been paid from the Municipal Fund, such work shall not be excluded from the operation of this Act without the consent of the Commissioners.

Tax payable in advance

109. The amount due by any person on account of the tax on persons, or the rate on holdings, shall be deemed to be the amount entered in the lists the notice relating to which is published under section one hundred and three, unless the amount entered in such lists is subsequently altered by the Commissioners as provided in this Act, in which case the amount to which the assessment or rating is so altered shall be deemed to be the amount due.

Every instalment of such tax or rate shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable.

Receipts to be given

110. For all sums paid on account of any tax or rate under this Act, a receipt stating the amount and the tax or rate on account of which it is paid shall be given, signed by the tax-collector or by some other officer authorized by the Commissioners to grant such receipts.

Bill and notice of demand to be presented after one month.

111. At any time within six months after any sum has become due on account of any tax or rate, the Commissioners shall cause to be served upon the person liable to the payment thereof a bill for the said sum, which shall contain a statement of the period and of the tax or rate on account of which the charge is made.

If the amount mentioned in such bill be not paid on presentation thereof, a notice of demand in the form marked (A) in the second schedule, with copy of the bill appended thereto, shall be served on the person liable to pay the same, and such notice of demand may be served at any subsequent time, provided that no charge shall be made in respect of the service of such notice.

Such notice shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

If not paid in fifteen days, process of distress may issue

112. If any person, after service upon him of such bill and notice, shall not, within fifteen days of the service of such notice or from the date of any order made on an application for review under section one hundred and five, pay the sum due, either to the Commissioners at their office, or to some person authorized by them to receive the money, or show to the Commissioners sufficient cause for not paying the same, the amount of the arrear due, with costs on the scale shown in the table of fees marked (B) in the second schedule, may at any time within three months after the date of service of the said notice, or of the order made on an application to review as aforesaid, be levied by distress and sale of any moveable property belonging to the defaulter, except ploughs, plough-cattle, tools or implements of trade or agriculture, wherever found, or of any such moveable property, subject to the same exceptions, which may be found within the holding in respect of which such defaulter is liable to such tax or rate.

If the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

Distress how to be made.

113. Every warrant of distress and sale under the last preceding section shall be issued by the Commissioners, and shall be in the form marked (C) in the second schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or Ward in which the property is situated, and by serving on the defaulter a notice in the form marked (D) in the second schedule:

Provided that if the property is of a perishable nature, it may be sold, with the consent of the defaulter, at any time after the expiry of twenty-four hours from the seizure.

Officer may break open door.

114. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance.

Provided that he shall not enter or break open the door of any room appropriated for the zanáná, or residence of women, which by the usage of the country is considered private, except after three hours' notice and opportunity given for the retirement of the women.

Sale how to be conducted.

115. If the sum due be not paid with costs before the time fixed for the sale, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible, and the proceeds shall be applied in discharge of the arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the moveable property at the time of the seizure; or if unclaimed for a period of twelve months, shall be transferred to the Municipal Fund.

117. The Commissioners shall cause a regular account to be kept of all distresses levied and sales made for the recovery of taxes under this Act.

Commissioners to keep account of distresses and sales.

118. If no sufficient goods or chattels belonging to a defaulter, or being upon the premises in respect of which he is assessed or rated, can be found within the Municipality, the Magistrate may, on the application of the Commissioners, issue his warrant to any officer of his Court for the distress and sale of any personal property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any personal property belonging to the defaulter within the jurisdiction of any other Magistrate whatsoever, and such other Magistrate shall endorse the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant, who shall remit the same to the Commissioners.

Sale of property beyond limits of Municipality.

119. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect, or want of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

Distress or sale not unlawful for want of form.

120. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any court of competent jurisdiction.

Commissioners may bring suit instead of distraining, or on failure of distress.

121. The Commissioners may order to be struck off the books the amount of any tax or rate which may appear to them to be irrecoverable.

Irrecoverable taxes.

Of the Tax on Carriages, Horses, and other Animals.

122. When it has been determined that a tax on carriages, horses, and other animals specified in the third schedule shall be imposed, the Commissioners at a meeting shall make an order that every carriage, horse, and every other animal of the kind specified in the third schedule which is kept or habitually used within, or which is let for hire within or without the Municipality, and habitually used within it, shall pay the tax, and shall cause such order to be published in the manner prescribed by section three hundred and sixty-five.

123. Any order of the Commissioners imposing a tax under the last preceding section shall continue in force until rescinded, and the tax shall be levied at the rates specified in the order published as aforesaid, unless and until the Commissioners at a meeting, held not less than fifteen days before the end of the year, make and publish an order specifying any different rates at which the tax shall be payable for the ensuing year.

Tax so fixed to continue in force until altered.

124. In any Municipality in which a tax has been imposed under the last preceding section, the owner of every carriage, horse, and other animal specified in the third schedule shall, within the first month of each half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages, horses, and other animals liable to the tax for which he is bound to take out a license.

Licenses how to be obtained.

Such owner shall at the same time pay to the Commissioners such sum as shall be payable by him for the current half-year for the carriages, horses, and other animals specified in such statement, according to the rates specified in any order for the time being in force under the two last preceding sections.

125. If any person acquires possession at any time after the commencement of any half-year, of any carriage, horse, or other animal specified in the third schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay such amount of the tax as shall bear the same proportion to the whole tax for the half-year as the unexpired portion of the half-year bears to the half-year; and such amount shall be calculated from the date on which such person may have acquired possession as aforesaid.

Proportionate tax on carriages, &c., acquired during half-year.

126. On receiving the amount of the tax due as aforesaid, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages, horses, and other animals for the period in respect of which the amount is received.

On payment of tax, Commissioners to give a license.

Such license shall be for the current half-year and no longer.

Carriage, &c., liable to the tax although the owner be absent.

127. Whenever the owner of any carriage, horse, or other animal liable to pay the said tax is not resident within the limits of the Municipality to the Commissioners of which the tax is due, the person in whose immediate possession the carriage, horse, or other animal is for the time being kept shall take out a license for the same.

Penalty.

128. Whoever keeps or is in possession of any carriage, horse, or other animal without the license required by the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, exclusive of the amount so payable.

Commissioners may compound with livery stable-keepers

129. The Commissioners at their discretion may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages or animals for hire, for a certain sum to be paid for the carriages or animals so kept by such person, in lieu of the tax at the rates specified in any order made by the Commissioners under sections one hundred and twenty-two and one hundred and twenty-three.

List of persons licensed to be prepared.

130. The Commissioners shall from time to time cause to be prepared and entered in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current half-year, a license has been given, and of the carriages, horses, and other animals in respect of which they have paid the tax.

Power to inspect stable, &c., and to summon persons liable to the payment of the tax.

131. The Commissioners, or any person authorized by them in that behalf, may at any time between sunrise and sunset enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage, horse, or other animal liable to the tax for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages, horses, and other animals in respect of which such person is liable to be taxed.

Refund of tax in certain cases

132 On proof being given to the satisfaction of the Commissioners that a carriage, horse, or other animal for which a license has been taken out for any half-year has ceased to be kept or to be used within the Municipality during the course of such half-year, the Commissioners shall order a refund of so much of the tax for the half-year as shall bear the same proportion to the whole tax for the half-year as the period during which such carriage, horse, or other animal has not been kept or used in the Municipality bears to the half-year; but no such refund shall be allowed unless notice be given to the Commissioners within one month of the time when such use of such carriage, horse, or other animal ceased, and the Commissioners shall pass no order for refund until after the close of the half-year in respect of which the refund is claimed

Proportionate payment of fee

135 Any person becoming possessed of any cart which has not been registered for the then current period of registration, shall register the same within one month of the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of such amount of the fee as shall bear the same proportion to the whole fee for the current period of registration as the unexpired portion of the current period of registration bears to the whole of such period; and such fee shall be calculated from the date on which such person may have become possessed as aforesaid.

Transfer of ownership.

136 When the ownership of any registered cart is transferred within any period of registration, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

the same be not employed at the time of seizure in the conveyance of any passengers or goods) together with the animals drawing the same, and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

After such seizure the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell such vehicle and animals by auction at such place as they may state in the notice; and if any registration fee, together with the cost arising from such seizure and custody, remains unpaid for ten days after the issue of such notice, the Commissioners may sell the property seized for payment of the said fee, and of all expenses occasioned by such non-payment, seizure, custody, and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property, and if unclaimed after such period, shall be credited to the Municipal Fund.

Provided that if at any time before the sale is concluded the person whose cart has been seized shall tender to the Commissioners, or the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of a cart seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any cart which has been seized under this section may be sold for the realization of any such fine.

On the cancelment of a lease, the Commissioners may take possession of all boats and other appliances which have been used by the lessee in the working of the ferry; and may either retain the same permanently on payment of a fair price to the proprietor, or may retain them for such time as may be necessary, not exceeding three months, until they can make arrangements for such other boats and appliances as may be necessary, in which case the Commissioners shall pay a fair price to the owners for the use of the said boats and appliances.

Lieutenant-Governor may extend Chapter.

320. The provisions of this Chapter may be extended by the Lieutenant-Governor, by notification published in the *Calcutta Gazette*, to any city, town, suburb or bazar not being within the limits of the ordinary original jurisdiction of the High Court at Fort William in Bengal, from such date as may be specified therein, and shall thereupon come into force in such city, town, suburb or bazar on the date so specified.

Lieutenant-Governor may vary limits of town or withdraw it from operation of Chapter.

321. The Lieutenant-Governor may, by like notification, at any time vary the limits of any Union, or withdraw any Union from the operation of this Chapter.

Unions may be formed

322. The Lieutenant-Governor may, by notification to be published in the said *Gazette*, form into a Union for the purposes of this Chapter any city, town, suburb, or bazar, or any part or parts of a city, town, suburb, or bazar with any other city, town, suburb, or bazar, or part or parts of a city town, suburb, or bazar; but no agricultural village intervening shall be included in such Union.

Government may define limits of towns, &c

323. For the purposes of this Chapter, the Lieutenant-Governor may define and declare the limits of any Union formed under the last preceding section, and all occupiers of houses within any such Union shall be liable to be assessed according to the provisions of this Chapter for the purposes mentioned in the next succeeding section; but such Union shall not include any agricultural village.

Magistrate to raise amount of expense.

324. The Magistrate of every Union shall, by ways and means in and by this Chapter provided, cause to be levied and raised in such Union the amount of the expense of the police to be borne under the provisions of this Chapter by such Union, and the cost of raising such amount; and the Magistrate may by the same ways and means cause to be levied such further sum as to him shall seem meet, and apply the same in cleansing such Union, in providing drinking-water or in lighting or otherwise improving the same:

Provided that the aggregate amount to be raised under the provisions of this section shall not exceed the average rate of one rupee and eight annas per annum for each house, and the amount assessed in respect of any one house shall not be more than the pay of a police officer of the lowest grade who is appointed to such Union.

The Town Fund.

325. All sums raised, levied, or received by the Magistrate, and all fines paid or levied under this Chapter, and all other sums which the Lieutenant-Governor may direct, shall constitute a fund which shall be called the Union Fund of the Union on account of which they are raised, levied, or received; and all expenditure authorized by this Chapter shall be made from such fund.

Magistrate may cause estimates to be prepared.

326. The Magistrate shall, before the close of each year, cause to be prepared in detail estimates showing the probable receipts and expenditure of the Union during the ensuing year, and shall lay such estimates before the Commissioner of the division, who may accept, amend, or reject the same.

Nature of the tax to be levied.

327. The tax to be levied in any Union for the purposes of this Chapter shall be an assessment according to the circumstances and the property to be protected of the persons liable to the same.

Constitution of panchaits

328. For the purposes hereinafter mentioned, the Magistrate shall constitute and appoint a panchait for each Union, or, when he may see fit to divide any Union into convenient wards, for each ward thereof, and shall issue a certificate of appointment, specifying the names, residence, business, or other description of the persons appointed, and the period for which the appointment is made.

Every panchait shall consist of three or five respectable persons residing or carrying on business in or near to any such Union, or in or near to any such ward thereof:

Provided that instead of any one such person, the Magistrate may appoint any person whom he may think fit to be a member of the panchait notwithstanding such person may not reside or carry on business in or near to such Union, or in or near to any such ward thereof.

Duties of panchait.

329. The panchait so appointed, or the majority of them, shall, once in every year, if required so to do by the Magistrate, prepare and make, in accordance with the rules laid down in the requisition, an assessment upon the several persons liable to be assessed in respect of their occupation of property within the Union, or any ward thereof as aforesaid for which the panchait shall be appointed, and shall enter the same in a list which shall specify the names of the several occupiers of property within such Union or ward thereof liable to be assessed under the provisions of this Chapter, the trade, business, or other description of such occupier, the property occupied, and the amount payable monthly by such occupier.

Form of Magistrate's requisition.

330. The requisition of the Magistrate to the panchait to make out such list shall be in the form marked (A) set forth in the fourth schedule, or to the like effect.

Panchait may revise existing assessment.

331. The panchait shall, if required by the Magistrate so to do, instead of making a new assessment, revise and amend the assessment then in force.

Magistrate may amend and settle assessment as revised by the panchait.

332. When an assessment shall have been made or revised, as the case may be, the panchait shall forward to the Magistrate the list containing the same, and the Magistrate shall revise and, if necessary, amend and settle it.

Magistrate may exempt occupiers unable to pay the assessment.

333. The Magistrate may, at his discretion, exempt from the assessment any occupier who may be unable from poverty to pay the same.

Notice of assessment to be published.

334. When the assessment shall have been settled, the Magistrate shall sign the list, and shall cause a copy thereof to be prepared in the form (B) in the fourth schedule, and deposited in his office, and a notification in the form (C) of the said schedule or to the like effect, and written in the language which is ordinarily spoken in such Union, to be published in the manner provided in section three hundred and sixty-five.

Assessment to stand good for one year.

335. Unless revised or corrected as hereinafter provided, every assessment made under this Chapter shall stand good for one whole year, and until a new one is made.

Change of occupation before a new assessment.

In case the occupier of any property included in any assessment shall be changed before a new assessment is made, the new occupier, instead of the former occupier thereof, shall be liable in respect of such property for any portion of the assessment which shall have become payable during his occupation; and, after notification to such person, the Magistrate may cause his name to be substituted in the said list for the name of the former occupier.

Revised assessment to be deemed a new one.

Every assessment which shall be revised according to the provisions of section three hundred and thirty-one shall be deemed a new assessment;

Provided that if no new assessment is made within the first three months of any year, a notification of the list of the previous year shall be published as required by section three hundred and thirty-four, and such list shall thereupon be deemed to be the assessment for the current year, and shall be open to appeal under the next succeeding section.

Appeal from assessment.

336. Any person assessed who shall be dissatisfied with his assessment or who shall dispute his occupation of any property, or his liability to be assessed, may appeal to the Magistrate; and the Magistrate, after making such inquiries as he deems necessary, by examination of the appellant on oath or solemn affirmation, or otherwise, may confirm the assessment or amend the same.

The decision of the Magistrate in such cases shall be final, and no objection shall be taken to any assessment, nor shall the liability of any person to be assessed be questioned in any other manner or by any other court:

Provided that no appeal shall be received after the expiration of one month from the time of the publication of the notification prescribed by section three hundred and thirty-four, or of the notification of the substitution of the name of an occupier under section three hundred and thirty-five, unless the Magistrate, upon reasonable cause shown, shall extend the time for receiving such appeal.

Commissioner of division may direct revision of assessment.

337. The Commissioner of the division, with the consent of the Lieutenant-Governor, may at any time direct the Magistrate to revise the assessment of any Union, or ward thereof as aforesaid, specifying the reasons which, in his opinion, render such revision necessary, and the Magistrate shall, according to such direction, revise and, if necessary, amend the same.

Magistrate may direct revision of assessment at any time of the year for reasons to be stated.

338. The Magistrate may require the panchait to revise the assessment at any period during the year, but on every such occasion he shall address a written order to the panchait specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

Publication of assessment as revised under the two last sections.

339. Whenever any assessment is revised during the year as provided in the two last preceding sections, a copy of such revised list shall be prepared and deposited as provided in section three hundred and thirty-four, and a notification shall be published in the manner directed in the said section. And all objections to such revised assessment shall be made and dealt with in the manner prescribed by section three hundred and thirty-five.

If panchait refuse or omit to act, Magistrate may assume their functions.

340. If the persons appointed a panchait, or a majority of them, refuse or omit, for a period of fifteen days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself make or revise the assessment, and may enforce the same as if it had been made or revised in the first instance by the panchait:

Provided that the functions of the panchait shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this section.

Duration of panchait and service thereon.

341. Every panchait shall be appointed for the period of one year, and any person who has served as member of a panchait during one year may be reappointed so to serve during the following year.

Member of panchait removeable only on application of rate-payers.

342 If a majority of the persons assessed in any Union or ward for which a panchait shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the panchait appointed for such district, the Magistrate, if he think it expedient, may remove such member from the panchait.

Vacancies in panchait how to be supplied.

343. If any vacancy shall occur among the members of a panchait, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may, by a written communication to the person appointed, nominate and appoint another person to supply the vacancy or to be a member of the panchait.

Appointment and duty of sudder panchait.

344. In cities and large towns containing three or more divisions or districts, the Magistrate may appoint a sudder panchait consisting of not less than five members, who may be selected either from the members of the local panchaits or from any other residents of the town.

It shall be the duty of the sudder panchait to assist the Magistrate, when required so to do, in carrying out generally the objects of this Chapter, and particularly in revising the assessment made by the panchaits of wards of the Union, and inquiring into, and reporting on, appeals preferred against the same.

Appointment of Tax Collectors and other establishments

345. Subject to the approval of the Commissioner of the division, the Magistrate may appoint one or more tax collectors and such other servants as may be necessary for preparing, or assisting the panchait in preparing the assessment, for copying the same, for collecting the tax, keeping the accounts and records, and otherwise carrying out the purposes of this Chapter. The Magistrate shall take from every tax collector such security for the due disposal of the sums collected by him as may be thought necessary.

Collection of assessment.

346 On such dates as may be fixed by the panchaits for payment of instalments of the tax, the tax collector shall proceed in person, or through some one of his office establishment, to collect the amount due for the current month from each person subject to the tax, and for all sums so collected the tax collector shall grant a receipt.

Provided that, with the sanction of the Commissioner of the division previously obtained, the collection may be made quarterly instead of monthly, and in such case the amount due for each quarter shall be collected in the last month of that quarter.

Recovery of sums not paid to the Tax Collector.

347. For the recovery of all sums which may not be paid to the tax collector on demand, the Magistrate shall proceed as far as possible in accordance with sections one hundred and eleven to one hundred and twenty (both inclusive).

Part V of Chapter II is applicable to towns.

348. The provisions of Part V of Chapter II shall, as far as possible, be applicable to Unions. In so applying them, the sections of the said Part shall be read as if the word "Union" were substituted for the word "Municipality," and for the word "municipal," wherever such words occur;

and all functions assigned to the Commissioners of Municipalities by the said Part shall be performed by the panchaits of Unions;

provided that the District Superintendent of Police shall present his estimate as mentioned in section one hundred and sixty-seven to the Magistrate, and not to the panchait;

provided also that the Magistrate shall cause such estimate to be translated, made available for inspection by any tax-payers, and laid before the panchaits in the manner provided in section one hundred and sixty-nine, and that the District Superintendent of Police shall cause the bill mentioned in section one hundred and seventy-three to be laid before the Magistrate and not before the panchait, and the Magistrate shall cause the amount to be paid as provided in the same section.

Penalty for removing, &c., name of street or number of house.

349. The Magistrate may cause a name to be given to any street and affixed in such place or places as he may think fit, and may also cause a number to be affixed to every house for the purpose of identifying such house; and if any person shall wilfully remove, obliterate, or destroy such name or number, he shall be liable to a fine not exceeding twenty rupees.

NOTIFICATION.

The 13th June 1876.—The following application, made by the Municipal Commissioners of Darjeeling, for a loan of Rs. 30,000 under the Local Public Works Loan Act, XXIV of 1871, for the purpose of increasing and improving the water-supply of the station, for extending the drainage, and for railing the more dangerous roads thereof, is hereby published for general information, under Section 5 of the Rules prescribed by the Government of India in the Financial Department in Notification No. 3761, dated the 15th October 1873.

R. L. MANGLES,
Offg. Secy. to the Govt. of Bengal.

We, the undersigned Municipal Commissioners of Darjeeling, under Act III (B.C.) of 1864, beg to submit the following application for a loan of Rs. 30,000, and to request that His Honor the Lieutenant-Governor will be pleased to grant it :—

1. The loan is required for the following purposes :—

I.—The increase and improvement of the water-supply of Darjeeling, which is insufficient for the purposes of the station during four months of the year, by tapping the Kotwalli Spring at a point on or near the Auckland Road, and connecting this point with the existing pipes above Woodlands, and by erecting new and improved hydrants. Estimated cost Rs. 13,000.

II.—The extension of the present drainage in the direction of the Hospital, Kohel and other hill streams, so as to prevent the accumulation of sewage in the slopes lying under the Bazar and Victoria Road. Estimated cost Rs. 8,000.

III.—The construction of railings along the more dangerous parts of the following roads :—

Auckland Road.	Birch Hill Road.
Victoria Road.	Station Roads.

Estimated cost Rs. 9,000.

2. The amount of loan now applied for is Rs. 30,000.

3. The security offered for the above will be as follows :—

	Rs.	A.	P.
I.—Proceeds of house-tax, estimated to yield ...	5,784	12	0
II.—Horse and poney-tax	600	0	0
III.—Rent of locations	4,684	0	0
IV.—Bazar rents	13,000	0	0
V.—Native village rent	1,800	0	0
VI.—Pound fines	500	0	0
Total ...	25,868	12	0

4. The house and horse taxes are levied under Act III of 1864.

The rents of locations with which those of native villages are to be classed were first assigned to the use of the Sanitarium in 1838. This was confirmed by orders of Government passed in 1854, again in orders No. 217, of the 14th January 1864, and finally in the Resolution of the Government of Bengal dated 27th June 1873.

The bazar rents are derived from buildings erected by the Municipality out of its revenues, and situated on land made over to it by Government.

The pound fines were made over to the Municipality under orders dated 14th October 1862, contained in letter No. 3625, from the Under-Secretary to the Government of Bengal to the Superintendent of Darjeeling.

5. It is proposed to take the loan in two instalments of Rs. 15,000 each, viz Rs. 15,000 on the loan being sanctioned and Rs. 15,000 on the 1st July next. It is proposed to pay back the loan in twenty years by equal half-yearly instalments of Rs. 750, or 1,500 per annum.

In this manner the payments would be made within twenty years, as provided in Clause C, Rule X of the Rules of the 15th October 1873.

6. It is not possible to give the details required for the three years last preceding, as the limits of the Municipality were much reduced in the beginning of the year 1874-75, and the sources of income, as well as the objects of expenditure, were so much affected by this change that any attempt at comparison with former years would be deceptive.

The following table shows proceeds of the various sources of Municipal income in 1874-75 :—

	Rs.	A.	P.
House-tax	5,028	8	4
Horse-tax	579	0	0
Bazar rents	11,732	4	3
Rent of locations	4,484	8	0
Rent of native village	1,231	11	5
Pound fines	229	13	0
All other sources, viz. hospital subscription, sale of garden produce, &c.	4,583	2	7
Total ...	27,868	15	7

The expenditure during the year was Rs. 27,494, out of which Rs. 700 consisted of recoverable advances, and Rs. 1,583 was a contribution to a work outside the new limits of the Municipality.

7. The value of bazar buildings, &c., is about Rs. 1,50,000.

8. There are no existing prior charges upon any of the sources of income above enumerated.

REVISED DRAFT RULES PROPOSED UNDER ACT III (B.C.) OF 1876.

No. 200

NOTIFICATION.—IRRIGATION BRANCH.

Dated the 13*th June* 1876.

IN exercise of the powers conferred on him by Act III B.C. of 1876, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following draft rules for the Sone Canals.

Rules under Act III B.C. of 1876.

1. The Collector, before awarding compensation under sections 16 and 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of the proceedings.

2. Water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From the decision of the Divisional Canal Officer an appeal shall lie to the Superintending Canal Officer, whose order shall be final.

3. Water shall not ordinarily be granted where the length of the water-course, from its head to its point of contact with the village boundary, would exceed two (2) miles.

4. Water for irrigation shall not be supplied, except through a water-course so constructed and maintained that, in the opinion of the Divisional Canal Officer—

(*a*) the water will pass without wastage ;

(*b*) the existing necessary lines of communication, the flow of drainage water, and the passage of water for irrigation, will not be obstructed.

5. The Divisional Canal Officer may withhold or postpone the grant of water for a crop to any cultivator whose fields he may have ascertained by personal inspection (by himself or one of his assistants) to be unprepared for irrigation by division into compartments not greater in area than 1 cottah or 1361·25 superficial feet, and by the addition of small water channels, as is customary in irrigation from wells.

Rice-fields are exempted from the operation of this rule.

NOTE.—*This rule shall only apply in those cases in which the discovery is made previous to the first watering of a crop; the water having been once given cannot be withheld for that crop, but a higher rate may be levied as provided in Rule 25.*

6. Persons desiring to construct a village channel shall prefer a written application to the Divisional or Sub-Divisional Canal Officer. In the latter case the application shall be forwarded to the Divisional Canal Officer.

7. The application, if granted, shall be subject to the Act, and also, unless otherwise specially agreed upon, be deemed granted under the following conditions:—

(*a.*)—That the water supplied shall not be used for other purposes than irrigation without the written consent of the Divisional or Sub-Divisional Canal Officer.

(*b.*)—That the applicants nominate a headman known or ascertained to be a substantial person possessed of property to attend to their interests, to receive and carry out the orders of the Canal Officers, to distribute the water among the shareholders in the water course according to their shares, and to collect and pay in to the Collector, or other duly authorized person, all water-rates leviable on the lands watered from the water-course.

(*c*)—That in any case where persons desirous of taking water fail to appoint a headman, or cannot agree among themselves as to the headman, the Collector shall nominate, and the Divisional Canal Officer appoint, a headman.

(*d.*)—That the headman shall furnish security for the payment of all sums realized by him, the stamp and registration fees on security bonds being deducted from the percentage allowed under Rule 10 •

(*e.*)—That for each crop, previous to water being taken for any field, application shall be made in the prescribed form (Appendix A.) through the said headman to the Sub-Divisional Canal Officer or other officer authorized to receive such applications, and that no water shall be taken until after the receipt of a "permit" (Appendix B.) from such officer.

(*f.*)—That in any case where the Divisional Canal Officer, owing to the known recusancy of any village, or of any class of cultivators, anticipates difficulty in realizing water-rates, he shall intimate the same to the Collector or Sub-Deputy Collector, in whose option it shall be to require payment of water-rates in advance.

(*g.*)—That any other cultivators in the same village, able and willing to irrigate their lands from the said water-course, shall be admitted as shareholders in the water-course on paying their proportionate share (to be determined by the amount of land they hold) of the first cost and maintenance of the water-course.

(*h.*)—That all alterations in the number of shareholders, distribution of shares, or nomination of headman, shall be reported for the sanction of the Divisional Canal Officer.

8. The Divisional Canal Officer may accept the nominee of the shareholders in a water-course as "headman" of such water-course, and is empowered to pay him the fees as hereinbelow detailed, subject to the condition of satisfactory performance of duty.

9. The allowance to the headman of a water-course for duties connected with that water course, such as arranging that it shall be kept in proper repair, seeing that no lands obtain water without a regular "permit," distributing the water to the shareholders, seeing to the outlet being closed according to the orders of the Divisional Canal Officer, and generally assisting the officers of the Irrigation Department, shall be 5 per cent. on the assessments of canal water rates derived from the water-courses in his charge. The Divisional Canal Officer may retrench the whole or any part of the fees under this rule in the event of the conditions not being complied with.

10. The allowance to the headman of a water-course for collecting the water-rates shall be 5 per cent. on the assessments, and shall be paid by the Collector on receipt of the full payment of demand for that crop and not otherwise, unless he can satisfy the Collector that the balance in arrear is so through no negligence of his. The payment to be made within two months of the dates named in the permit.

11. An appeal against retrenchments under Rules 9 and 10 shall lie to the Superintending Canal Officer and Commissioner respectively if preferred within thirty days of such retrenchment, and the Superintending Canal Officer or Commissioner's decision shall be final.

12. Contracts between the Divisional Canal Officer on the part of Government, and private individuals, for the use of water as a motive power, or for any other purpose whatsoever not included in the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Canal Officer.

If for longer periods, such contracts shall be submitted for the sanction of the Lieutenant-Governor in the Irrigation Department.

13. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations:—

(*a.*)—No tank shall be so filled unless exclusively used for domestic purposes, and for watering cattle; such tanks are generally in the immediate neighbourhood of villages.

(*b.*)—No tank shall be so filled from which irrigation is practised.

(*c.*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes.

(*d.*)—No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times, and to such extent, as the Sub-Divisional Canal Officer approves.

(*e.*)—No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

(*f.*)—The privilege herein accorded may be suspended for twelve months for breach of these regulations, by written order of the Divisional Canal Officer, subject, however, to revision by the Superintending Engineer, whose decision shall be final.

14. The Divisional Canal Officer may, by written order under section 76 (*a*) (ii), stop the supply to any water-course when he has satisfied himself by personal inspection (by himself or one of his Assistants) that the water-course is not maintained in proper repair. Immediate report of any such closure shall be made to the Superintending Canal Officer, and the special ground for stoppage explained.

15. The Divisional Canal Officer may, under section 76 (*a*) (iii), regulate the distribution of the available water in proportion to the average area irrigated from the several outlets, or in proportion to the quantities of water contracted for, and may close the outlets in rotation as shall be necessary.

Such periodical closures shall not extend beyond ten consecutive days, and shall be notified to the headmen of water-courses. For longer closures the authority of the Superintending Canal Officer is required.

Nothing in the above rules shall be taken to affect the power of the Superintending or any Divisional Officer to stop any supply of water in case of pressing emergency.

16. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of loss of water.

17. Claims to remission, under section 76 (*b*), of ordinary charges payable for use of canal water shall only be admitted on proof of actual loss caused by the stoppage of supply. On proof of such loss the Divisional Canal Officer may remit the whole or any portion of the charges. All applications for remission of water-rate shall be made to the Divisional Canal Officer at least seven days previous to the cutting of the crop. An appeal from the Divisional Canal Officer's decision shall lie to the Superintending Canal Officer, whose order shall be final.

18. Before awarding compensation under section 76 (*c*), the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings. Under this rule an appeal shall lie to the Commissioner of the Division, whose order shall be final.

19. Under section 78 of the Act, the rates chargeable per acre on the different descriptions of crops are fixed for three years, viz. from 1st June 1876 to the 1st June 1879, and are as follows :—

20. If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

21. When a portion of a field has been irrigated with canal water, and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

22. If well or reservoir water is conveyed in the same channel as canal water, the whole of the irrigation from that channel shall be liable to canal water-rate.

23. Irrigation from natural or artificial escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

24. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant Governor.

25. Persons irrigating lands from a canal without a written permit for water for such lands, or taking water at times prohibited by proper authority, shall be chargeable with double water-rates on the area irrigated, in addition to such penalties as may be imposed under sections 93 and 94 of the Act.

26. The charge leviable for water suffered to run to waste on uncultivated lands shall be calculated at the highest rate specified in the schedule, viz. five rupees per acre on the area flooded; provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit.

27. If mixed crops be grown in the same field, the water-rate shall be calculated on the highest rated crop.

28. When the original crop sown in a canal-irrigated field fails and is ploughed up and a fresh crop is sown in the same season, the water-rates leviable shall be due on the second crop.

29. When a field is irrigated which has not been prepared by division into compartments and by the addition of small water channels as prescribed in Rule 5, an additional charge may be imposed, equal to half the amount of water-rate leviable on the field. In each case the Divisional or Sub-Divisional Officer must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

30. The amounts demandable for water-rate shall be determined and apportioned by the Divisional Canal Officer.

31. All water-rates shall become due on the dates noted on the "permits," viz. the dates on which the crops ordinarily come to maturity, and are as follows:—

Water-rate on spring crops,—wheat, barley, peas, poppy, &c.,—shall become due on 31st March.

Water-rate on summer crops,—cheena, &c ,—shall become due on 30th June.

Water-rate on bhadoi crops,—seera rice, Indian-corn, murwa, &c.,—shall become due on 31st October.

Water-rate on annual and winter crops,—aghani rice, joaur, &c.,—on 31st December.

and shall be paid within one month of such dates.

32. In the case of lands held on Báoli tenures, half the water rates shall be recoverable from the zemindar or landlord.

33. Collection of all water-rates will be made by the Collector strictly in accordance with the statement of demands furnished to him by the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

34. The Collector will make the collections through the Deputy Collectors attached to each division of the canal, and the Subordinate Canal Revenue Establishment.

35. Objections to the demand on the score of short supply, or of matters affecting the Irrigation Department, addressed to the Collector, shall be referred by him to the Canal Divisional Officer. Meanwhile the collection of the demand shall not be suspended.

36 Claims for remission so referred by the Collector, and admitted by the Divisional Canal Officer, shall be reported by him for the sanction of the Superintending Canal Officer.

37. A remission statement signed by the Superintending Canal Officer, shall be sufficient authority for a refund by the Collector.

38. If the decision of the Divisional Canal Officer uphold the original demand, an appeal may be made to the Superintending Canal Officer, provided that it is preferred within forty days from the issue of the order. The decision of the Superintending Canal Officer shall be final.

39. In cases in which the water-rate is irrecoverable, from the absconding or bankruptcy of the defaulter, or when the question at issue does not depend on the canal supply, or the action of the Irrigation Department, the Collector will obtain sanction to remission of canal demands from the Commissioner of the Division. All such remissions shall be reported at the close of each official year to the Divisional Canal Officer.

40. If a cultivator is dissatisfied with the entries made against him in the "permit" (Appendix B), whether as to the fact of the land having been charged "flow" instead of "lift," or as to the measurements and entries of class of crop, he must lodge a complaint, either personally or through the headman of his water-course, with the Divisional or Sub-Divisional Canal Officer within fifteen days of the issue of the permit.

41. No person, without the permission in writing of the Divisional or Sub-Divisional Canal Officers, shall pass, or shall cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting upon such bridges, fords, and ferries, and their approaches, as are provided by the Divisional Canal Officer.

42. No Canal Officer, unless specially exempted by the Lieutenant-Governor, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name, or in the name of another, or jointly, or in shares with others.

to Aden, Malta, and Gibraltar	4	1	1½
to any country belonging to the Union not coming under the foregoing heads	5	1	1½

2. The higher rates thus prescribed for correspondence sent *vid* Brindisi to the United Kingdom and countries served through it result from the conveyance of such mails by special train through Italy and France; and the lower rates of letter postage for Aden, Malta, and Gibralter are those hitherto in force, which it is not the object of the present arrangement to increase.

3. The annexed Schedule shows in detail the countries coming under the foregoing heads, as well as the routes and other particulars connected with the transmission of correspondence to them.

Printed Papers and Legal and Commercial Documents.

(N B.—Attention is drawn to the limit of weight, *viz.* 2 lb, fixed for a packet of printed papers or legal and commercial documents. *See Schedule.*)

4. Under the head of "Printed Papers" are included newspapers, stitched or bound books, pamphlets, music, visiting cards, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved or lithographed and photographs. Under the

head of "Legal and Commercial Documents" are included acts or deeds of all kinds drawn up by public functionaries, invoices, policies of insurance, copies or extracts of deeds under private seal, written upon stamped or unstamped paper, scores or sheets of manuscript music, *and in general all manuscript papers and documents which have not the character of an actual and personal correspondence.*

5. Articles posted as "Printed Papers" or as "Legal and Commercial Documents" must be placed under bands or simply folded, so as to admit of the contents being easily examined, and, excepting as follows, "Printed Papers" must contain no manuscript writing, figure, or mark whatever:—

(*a.*) Proofs of printing or of music may bear corrections made with a pen, relating exclusively to the text or to the execution of the work. Manuscript may be annexed to such proofs.

(*b.*) Circulars, Notices, &c., may bear the signature of the sender, with his trade or profession, and may also show the place of origin and the date.

(*c.*) A book may contain a manuscript dedication or a complimentary inscription from the author.

(*d.*) Passages in the text to which it is desired to call attention may be marked with a simple stroke.

(*e.*) Prices may be added in manuscript or otherwise on printed or lithographed stock and share lists, prices current, and market reports.

(*f.*) No other manuscript additions may be made; nor are typographical additions allowed, if they tend to take from the packet its general character.

6. Articles posted as "Printed Papers" or "Legal and Commercial Documents" which do not fulfil the foregoing conditions, or are not fully prepaid, will be treated as unpaid letters, with the sole exception of newspapers and printed papers, such as circulars, notices, &c., which will, in such cases, not be forwarded.

Patterns of Merchandise.

(*N. B.*—Attention is drawn to the limit of weight, *viz* 8 ounces, fixed for a packet of patterns. *See Schedule*)

7. Patterns of merchandise are chargeable with the reduced postage under the following conditions:—

(*a.*) They must be placed in bags, or in boxes, or envelopes removeable so as to admit of an easy examination of their contents.

(*b.*) They must not have any saleable value, or bear any manuscript writing other than the name or the trade or profession of the sender, the address of the person for whom the packet is intended, a manufacturer's or trade mark, numbers and prices.

8. Patterns of merchandise may not be introduced into a letter, or into a packet of any other kind, unless they form an integral part of a particular work.

9. Patterns not packed in accordance with these conditions, or not fully prepaid, will be treated as unpaid letters, except those which are valuable. The latter will not be forwarded, nor any of which the conveyance would be attended with risk or danger.

Money, Jewels, &c., and articles liable to customs duty.

10. No letter or packet containing gold or silver money, jewels, or precious articles, or any article liable to customs duty may be sent through the post under this Notification.

Correspondence received from countries belonging to the Union.

11. Although post cards are not among the classes of correspondence, for the transmission of which by post from India provision has been made, those received from other countries of the Union will be delivered in India as paid letters.

12. Letters received from any country of the Union as unpaid or insufficiently paid will be charged, on delivery, at the rate which would be chargeable on a letter posted in India for that country by the same route, together with an additional rate of two and a half annas per half ounce. The value of any stamps (as marked by the country of origin) which may be affixed to an insufficiently paid letter will be deducted from the amount thus chargeable, fractions of an anna in the remainder being raised to one anna.

13. No additional postage will henceforth be charged for the redirection of letters or other articles sent through the post from any foreign country, whether belonging to the General Postal Union or not, to any place in British India.

Provided that the total number of Commissioners holding office in any first class Municipality shall not at any time be less than seven or more than thirty, and in any second class Municipality shall not at any time be less than four or more than twenty;

Provided also that not more than one-fourth of the whole number of Commissioners so appointed shall be persons holding in the judicial, police, or revenue departments of the Government service salaried offices of which the functions are exercised within the district in which the Municipality is situated, unless such persons be elected Commissioners under the next succeeding section.

In case such whole number is not evenly divisible by four, the one-fourth shall be ascertained by taking the number next below the whole number, which is evenly divisible by four, as the number to be divided.

Election of Commissioners.

16. The Lieutenant-Governor may at any time direct that the whole or any number of the Commissioners to be appointed under the last preceding section shall be elected, and may lay down such rules as he shall think fit, not being inconsistent with the provisions of this Act, in respect of the qualifications required to entitle any person to stand as a candidate for such election, and to entitle any person to vote for any such candidate, and in respect of the mode of election; and the Lieutenant-Governor may at any time cancel any rule made by him under this section.

But the elective system shall not be introduced into any Municipality unless the Magistrate certifies that at least one-third of the rate-payers residing therein have signed a petition praying for its introduction.

Ex-officio Commissioners.

17. In addition to the Commissioners appointed or elected as hereinbefore provided, the Magistrate of the district, the Magistrate of the division, and the medical officer in charge of the district shall be *ex-officio* Commissioners of every Municipality situated within their respective jurisdictions; and the Lieutenant-Governor may direct, by notification in the *Calcutta Gazette*, that

the persons for the time being exercising the functions of the offices to be named in such notification shall be *ex-officio* Commissioners for any or every Municipality to which the functions of the offices held by the persons so appointed may extend.

Ad-interim Vice-Chairman and Commissioners

18. The Lieutenant-Governor may appoint any persons to be *ad-interim* Vice-Chairman and Commissioners pending the election of Commissioners.

Qualification of Commissioner.

19. No person who is not an owner or an occupier of land in the Municipality shall be appointed or elected a Commissioner in such Municipality; but this section shall not apply to any person whom the Lieutenant-Governor may direct to be an *ex-officio* Commissioner.

20. The Lieutenant-Governor may from time to time accept the resignation of any Commissioner appointed or elected under this Act.

21. The Lieutenant-Governor may, on the recommendation of the Commissioners, remove any Commissioner appointed or elected under this Act, if such Commissioner shall have been guilty of misconduct in the discharge of his duties, or of any disgraceful conduct.

Commissioner who neglects to attend meetings, or is sentenced to imprisonment, to cease to be Commissioner.

22. Any Commissioner who, without having obtained permission from the Commissioners, shall have omitted to attend six consecutive meetings of the Commissioners,

and any Commissioner who shall have been sentenced to imprisonment,

shall cease to be a Commissioner.

23. Except as hereinafter provided, every Commissioner shall vacate his office at the end of three years from the first day of the year next following the date of his appointment or election as such Commissioner.

24. When Commissioners are for the first time appointed or elected in any place, one-third of the whole number of which the body may consist on the first day of the year next following the date of the appointment or election of such Commissioners, shall retire at the end of one year, and another third at the end of two years, and the rest at the end of three years, to be computed from the first day of the year next following the date of the appointment or election of such Commissioners.

In case such whole number is not evenly divisible by three, the one-third shall be ascertained by taking the number next below the whole number, which is evenly divisible by three, as the number to be divided.

The Commissioners who shall retire at the end of the first and second years respectively shall be selected by lot.

Application of rule of rotation separately to appointed and elected Commissioners

25. When any Commissioners have been elected in a Municipality, the rule of rotation in the last preceding section shall be applied separately to the Commissioners who have been appointed, and separately to the Commissioners who have been elected.

Calculation of number of the Commissioners.

26. In calculating the whole number of Commissioners for the purposes of section twenty-four, all *ex-officio* Commissioners shall be excluded; and such *ex-officio* Commissioners shall remain Commissioners so long as they continue to hold the respective offices in virtue of which they are respectively Commissioners.

Retirement of Commissioners by rotation.

27. When this Act comes into force in any place in which persons appointed or elected under any enactment hereby repealed remain in office as Commissioners, one-third of the whole number of which the body may consist on the date when this Act so comes into force shall retire at the end of one year, and another third at the end of two years, and the rest at the end of three years, to be computed from the first day of the year next following the date on which this Act shall have come into force in such place.

In case such whole number is not evenly divisible by three, the one-third shall be ascertained by taking the number next below the whole number which is evenly divisible by three, as the number to be divided.

The Commissioners who shall retire at the end of the first and second year respectively shall be selected by lot out of those who have held office for more than three years at the end of such years respectively; and should the number of persons who have held office for more than three years fall short of one-third of the whole number of Commissioners, the number required to make up the one-third shall be selected by lot out of those Commissioners who have held office for less than three years.

When Commissioner may be re-appointed or re elected.

28. Any person who has resigned the office of Commissioner, or has retired therefrom under sections twenty-three, twenty-four, or twenty-seven, or who has ceased to be a Commissioner in consequence of his failure to attend meetings as provided in section twenty-two, may be at any time re-appointed or re-elected a Commissioner; but no person removed by the Lieutenant-Governor from his office under section twenty-one, or who has ceased to be a Commissioner in consequence of being sentenced to imprisonment may be elected or re-elected a Commissioner without the sanction of the Lieutenant-Governor.

Chairman of Commissioners

29. Unless the Lieutenant-Governor shall appoint any other person to be such Chairman, the Magistrate of the district, if the Municipality be within the sudder division, and the Magistrate in charge of the division of the district, if the Municipality be situated within any other than the sudder division, shall be *ex-officio* Chairman of the Commissioners of the Municipality.

The Magistrate of the district may, with the sanction of the Commissioner of the division, delegate to any Magistrate subordinate to him at a sudder station any of the powers vested by this

Act in him as the Chairman of the Commissioners of any Municipality, and may withdraw such powers.

In the absence of the Magistrate of a division of the district, the Magistrate of the district may appoint any Magistrate subordinate to him to officiate as Chairman of the Commissioners within such division.

Election of Vice-Chairman

30 The Commissioners at a meeting shall elect their own Vice-Chairman, subject to the approval of the Lieutenant-Governor; he shall hold office for one year from the beginning of the year next following his election, and shall be eligible for re-election for the following year.

The Vice-Chairman, on election or re-election, shall be held to be appointed a Commissioner under this Act during his term of office.

The Vice-Chairman may at any time be removed from the office of Vice-Chairman by a resolution of the Commissioners, in favor of which not less than two-thirds of the Commissioners shall have given their votes either personally or in writing:

Provided that the Lieutenant-Governor may sanction the election permanently, or for a term of years, of a salaried Vice-Chairman, if proposed by the Commissioners at a meeting.

Provided also that the present salaried Vice-Chairman of any Municipality who has been appointed by the Lieutenant-Governor under the provisions of any enactment hereby repealed shall continue to hold the office until he resigns or is removed with the sanction of the Lieutenant-Governor.

31. The Commissioners shall, in the name of their Chairman, by the description of "The Chairman of the Municipal Commissioners of ....," be a body corporate, and have perpetual succession, and a common seal, and in such name shall sue and be sued.

Such common seal shall have the name of the Municipality engraved thereon in legible characters in the English language, and also in the vernacular of the district.

The total amount of the rates shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land such proportion of the rate so

paid by him as is equal to the proportion which such rent bears to the annual value of the holding.

If the owner of the house and the owner of the land do not agree in respect of the proportion of the rate so deducted by the owner of the house, the Commissioners shall, on the application of either party, make an award declaring the amount payable by each, and such award shall be final.

Tax due from non-resident owner may be recovered from occupier, and deducted by him from his rent.

96. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Municipality, or the place of abode of such owner be unknown, the same may be recovered from the occupier for the time being of such holding, who may deduct, from the next and following payments of his rent, the amount which may be so paid by or recovered from him:

Provided that no arrear of rate, which has remained due from the owner of any holding for more than one year, shall be so recovered from the occupier thereof.

Power of Commissioners in cases of excessive hardship.

97. Whenever, from the circumstances of the case, the levy of the rate on any holding in the Municipality would be productive of excessive hardship to the person liable to pay the same, the Commissioners at a meeting may reduce the amount payable on account of such holding, or may remit the same.

Application for reduction of assessment

98. If the value of any holding shall be diminished from any cause beyond the control of the owner thereof, the owner thereof may apply for reduction of the valuation of the same.

Power to revise valuation and assessment.

99. The Commissioners may, at any time after the publication of the notice required by section one hundred and three, value and rate any holding which was without authority omitted from the valuation and rating list, or which has become liable to valuation and rating after the publication thereof, and may enhance the valuation and rating of any holding which may appear to have been insufficiently valued or rated through mistake or fraud; and may re-value and re-assess the rate on any holding the value of which has been increased by additions or alterations to any building thereon.

Any rate imposed or enhancement made under this section shall take effect from the beginning of the quarter next following that in which the rate shall be imposed or enhancement made.

Power to revise assessment list

100. The Commissioners may at any time substitute for any name mentioned in the valuation and rating list the name of any person to whom any holding mentioned therein shall have been transferred.

Such person shall be liable to pay the rate payable on such holding from the first day of the quarter next after the date of the transfer.

Remission or refund on account of vacant holdings.

101. When any holding has been vacant for sixty or more consecutive days during any year, the Commissioners shall remit, and, if the rate has been paid, shall refund, one-half of so much of the rate of that year as may be proportionate to the number of days the said holding has remained unoccupied; provided that the owner of such holding, or his agent, has given to the Commissioners notice in writing of the vacancy thereof.

The amount of tax to be remitted or refunded shall be calculated from the date of the delivery of such notice.

Penalty.

102. Whoever, being the owner of any holding for which a remission or refund of the rate has been made under the last preceding section, fails to give notice of the re-occupation of such holding within ten days of such re-occupation, shall be liable to a fine not exceeding three times the amount of rate payable quarterly on such holding.

Of general provisions relating to the tax on persons and the rate on holdings and to the recovery of the same.

Publication of notice of assessments.

103. When the assessment list of the tax upon persons or the valuation and rating list of the rate on the annual value of holdings shall have been prepared or revised, the Chairman shall sign the same, and shall cause it to be deposited in the office of the Commissioners, and shall cause the notice in form (A) or the notice in form (B) of the first schedule (as the case may be) to be published in the manner prescribed by section three hundred and sixty-five.

Application for review.

104. Any person who is dissatisfied with the amount assessed upon him, or with the valuation or rating of any holding,

or who disputes his occupation of any holding,

or his liability to be assessed, or rated,

may apply to the Commissioners to review the amount of assessment, valuation, or rating, or to exempt him from the assessment or rate.

Procedure upon review.

105. Every application presented under the last preceding section shall be heard and determined by not less than three Commissioners, who shall be appointed on that behalf by the Chairman. The Commissioners so appointed, after making such inquiries as they may deem necessary, may pass such order as they shall think fit in respect of such application.

The decision of such Commissioners, or of a majority thereof, in such cases shall be final.

Limitation of time for application of review.

106. Unless good cause shall be shown to the satisfaction of such Commissioners for extending the time allowed, and save as is otherwise expressly provided in this Act, no such application shall be received after the expiration of one month from the date of publication of the notice required by section one hundred and three relating to the list containing the assessment, valuation, or rating in respect of which the application is made, or after the expiration of fifteen days from the date of service of the first notice of demand for payment at the rate in respect of which the application is made, whichever period shall last expire.

Assessment to be questioned only under Act.

107. No objection shall be taken to any assessment or rating, nor shall the liability of any person to be assessed or rated be questioned in any other manner or by any other authority than in this Act is provided.

Office hours for payment of taxes.

108. By notification to be posted up in their office, the Commissioners shall declare at what hours of each day (not being a Sunday or other recognized holiday) the office shall be open for the receipt of money.

Tax payable in advance.

109. The amount due by any person on account of the tax on persons, or the rate on holdings, shall be deemed to be the amount entered in the lists the notice relating to which is published under section one hundred and three, unless the amount entered in such lists is subsequently altered by the Commissioners as provided in this Act, in which case the amount to which the assessment or rating is so altered shall be deemed to be the amount due.

Every instalment of such tax or rate shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable.

Receipts to be given.

110. For all sums paid on account of any tax or rate under this Act, a receipt stating the amount and the tax or rate on account of which it is paid shall be given, signed by the tax-collector or by some other officer authorized by the Commissioners to grant such receipts.

Bill and notice of demand to be presented after one month.

111. At any time within six months after any sum has become due on account of any tax or rate, the Commissioners shall cause to be served upon the person liable to the payment thereof a bill for the said sum, which shall contain a statement of the period and of the tax or rate on account of which the charge is made.

If the amount mentioned in such bill be not paid on presentation thereof, a notice of demand in the form marked (A) in the second schedule, with copy of the bill appended thereto, shall be served on the person liable to pay the same, and such notice of demand may be served at any subsequent time, provided that no charge shall be made in respect of the service of such notice.

Such notice shall be signed by the Chairman or an officer authorized in that behalf, and shall be served by a person authorized to receive payment.

If not paid in fifteen days, process of distress may issue.

112. If any person, after service upon him of such bill and notice, shall not, within fifteen days of the service of such notice or from the date of any order made on an application for review under section one hundred and five, pay the sum due, either to the Commissioners at their office, or to some person authorized by them to receive the money, or show to the Commissioners sufficient cause for not paying the same, the amount of the arrear due, with costs on the scale shown in the table of fees marked (B) in the second schedule, may at any time within three months after the date of service of the said notice, or of the order made on an application to review as aforesaid, be levied by distress and sale of any moveable property belonging to the defaulter, except ploughs, plough-cattle, tools or implements of trade or agriculture, wherever found, or of any such moveable property, subject to the same exceptions, which may be found within the holding in respect of which such defaulter is liable to such tax or rate.

If the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

Distress how to be made.

113. Every warrant of distress and sale under the last preceding section shall be issued by the Commissioners, and shall be in the form marked (C) in the second schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the Municipality or Ward in which the property is situated, and by serving on the defaulter a notice in the form marked (D) in the second schedule:

Provided that if the property is of a perishable nature, it may be sold, with the consent of the defaulter, at any time after the expiry of twenty-four hours from the seizure.

Officer may break open door.

114. The officer charged with the execution of the warrant may, under the special order of the Commissioners, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance.

Provided that he shall not enter or break open the door of any room appropriated for the zanáná, or residence of women, which by the usage of the country is considered private, except after three hours' notice and opportunity given for the retirement of the women.

Sale how to be conducted.

115. If the sum due be not paid with costs before the time fixed for the sale, or the warrant be not discharged or suspended by the Commissioners, the moveable property seized shall be sold by auction, at the time and place specified, in the most public manner possible, and the proceeds shall be applied in discharge of the arrears and costs; and the surplus, if any, shall be returned on demand to the person in possession of the moveable property at the time of the seizure; or if unclaimed for a period of twelve months, shall be transferred to the Municipal Fund.

Return of sales.

The tax-collector or other officer authorized in that behalf shall make a return of all such sales to the Commissioners in the form marked (E) in the second schedule.

Certain persons prohibited from purchasing at sales.

116. All officers and servants of the Commissioners, and all chaukidars, constables, and other officers of Police, are prohibited from purchasing any property at any such sale.

117. The Commissioners shall cause a regular account to be kept of all distresses levied and sales made for the recovery of taxes under this Act.

Commissioners to keep account of distresses and sales.

118. If no sufficient goods or chattels belonging to a defaulter, or being upon the premises in respect of which he is assessed or rated, can be found within the Municipality, the Magistrate may, on the application of the Commissioners, issue his warrant to any officer of his Court for the distress and sale of any personal property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any personal property belonging to the defaulter within the jurisdiction of any other Magistrate whatsoever, and such other Magistrate shall endorse the warrant so issued, and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant, who shall remit the same to the Commissioners.

Sale of property beyond limits of Municipality.

119. No distress or sale made under this Act shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect, or want of form in the bill, notice, summons, warrant of distress, inventory, or other proceeding relating thereto.

Distress or sale not unlawful for want of form.

120. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of any tax, the Commissioners may sue the person liable to pay the same in any court of competent jurisdiction.

Commissioners may bring suit instead of distraining, or on failure of distress.

121. The Commissioners may order to be struck off the books the amount of any tax or rate which may appear to them to be irrecoverable.

Irrecoverable taxes.

Of the Tax on Carriages, Horses, and other Animals.

122. When it has been determined that a tax on carriages, horses, and other animals specified in the third schedule shall be imposed, the Commissioners at a meeting shall make an order that every carriage, horse, and every other animal of the kind specified in the third schedule which is kept or habitually used within, or which is let for hire within or without the Municipality, and habitually used within it, shall pay the tax, and shall cause such order to be published in the manner prescribed by section three hundred and sixty-five.

Tax on carriages, horses, and other animals.

Such order shall be published at least one month before the beginning of the half-year in which such tax shall first take effect; and shall specify at what rates, not exceeding the rates given in the third schedule, such tax shall be levied.

But such tax shall not be imposed on—

(*a*) horses or ponies belonging to officers doing regimental duty, at the rate of one animal for each officer;

(*b*) animals exempt from any municipal tax under section 25 of the Indian Volunteers' Act, 1869;

(*f*) carriages, the wheels of which do not exceed twenty-four inches in diameter;

(*g*) animals under eleven hands in height;

(*h*) carriages or animals kept for sale by any *bonâ fide* dealer in such carriages or animals, and not used for any other purpose.

123. Any order of the Commissioners imposing a tax under the last preceding section shall continue in force until rescinded, and the tax shall be levied at the rates specified in the order published as aforesaid, unless and until the Commissioners at a meeting, held not less than fifteen days before the end of the year, make and publish an order specifying any different rates at which the tax shall be payable for the ensuing year.

Tax so fixed to continue in force until altered.

124. In any Municipality in which a tax has been imposed under the last preceding section, the owner of every carriage, horse, and other animal specified in the third schedule shall, within the first month of each half-year, forward to the Commissioners a statement in writing, signed by him, containing a description of the carriages, horses, and other animals liable to the tax for which he is bound to take out a license.

Licenses how to be obtained.

Such owner shall at the same time pay to the Commissioners such sum as shall be payable by him for the current half-year for the carriages, horses, and other animals specified in such statement, according to the rates specified in any order for the time being in force under the two last preceding sections.

125. If any person acquires possession at any time after the commencement of any half-year, of any carriage, horse, or other animal specified in the third schedule, in respect of which no license has been given for such half-year, he shall forward a statement as above required within one month of the date on which he may have acquired possession thereof, and shall pay such amount of the tax as shall bear the same proportion to the whole tax for the half-year as the unexpired portion of the half-year bears to the half-year; and such amount shall be calculated from the date on which such person may have acquired possession as aforesaid.

Proportionate tax on carriages, &c., acquired during half-year.

126. On receiving the amount of the tax due as aforesaid, the Commissioners, or some person authorised by them in that behalf, shall give to the person paying the same a license for the several carriages, horses, and other animals for the period in respect of which the amount is received.

On payment of tax, Commissioners to give a license.

Such license shall be for the current half-year and no longer.

Carriage, &c., liable to the tax although the owner be absent.

127. Whenever the owner of any carriage, horse, or other animal liable to pay the said tax is not resident within the limits of the Municipality to the Commissioners of which the tax is due, the person in whose immediate possession the carriage, horse, or other animal is for the time being kept shall take out a license for the same.

Penalty

128. Whoever keeps or is in possession of any carriage, horse, or other animal without the license required by the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such license, exclusive of the amount so payable.

Commissioners may compound with livery stable-keepers.

129. The Commissioners at their discretion may compound, for any period not exceeding one year, with livery stable-keepers and other persons keeping carriages or animals for hire, for a certain sum to be paid for the carriages or animals so kept by such person, in lieu of the tax at the rates specified in any order made by the Commissioners under sections one hundred and twenty-two and one hundred and twenty-three.

List of persons licensed to be prepared.

130. The Commissioners shall from time to time cause to be prepared and entered in a book, to be kept by them, and to be open to the inspection of any person interested therein, a list of the persons to whom, during the then current half-year, a license has been given, and of the carriages, horses, and other animals in respect of which they have paid the tax.

Power to inspect stable, &c., and to summon persons liable to the payment of the tax

131. The Commissioners, or any person authorized by them in that behalf, may at any time between sunrise and sunset enter and inspect any stable or coach-house, or any place wherein they may have reason to believe that there is any carriage, horse, or other animal liable to the tax for which a license has not been duly taken out.

And the Commissioners may summon any person whom they have reason to believe to be liable to the payment of any such tax, or any servant of such person, and may examine such person or servant as to the number and description of the carriages, horses, and other animals in respect of which such person is liable to be taxed.

Refund of tax in certain cases.

132. On proof being given to the satisfaction of the Commissioners that a carriage, horse, or other animal for which a license has been taken out for any half-year has ceased to be kept or to be used within the Municipality during the course of such half-year, the Commissioners shall order a refund of so much of the tax for the half-year as shall bear the same proportion to the whole tax for the half-year as the period during which such carriage, horse, or other animal has not been kept or used in the Municipality bears to the half-year; but no such refund shall be allowed unless notice be given to the Commissioners within one month of the time when such use of such carriage, horse, or other animal ceased, and the Commissioners shall pass no order for refund until after the close of the half-year in respect of which the refund is claimed

Of the Registration of Carts.

Registration and number of carts.

133. The Commissioners at a meeting may make and publish an order that every cart, which is kept or habitually used within, or which is let for hire within or without the Municipality and habitually used within it, shall be registered by the Commissioners with the name and residence of the owner, and shall bear the number of registration in such manner as the said Commissioners shall direct.

This section shall not apply to carts—

(*a*) which are the property of the Government or of the Municipality;

(*b*) which are kept without the limits of the Municipality, and are only temporarily and casually used within such limits;

(*c*) which are kept in Howrah or within the Suburbs of Calcutta.

Fee for registration.

134. The registration of carts under the last preceding section shall be made, and the numbers assigned yearly or half-yearly, upon such days as the Commissioners shall notify, and such fee as they shall from time to time fix and notify, not exceeding four rupees if the registration has effect for a year, and not exceeding two rupees if the registration has effect for half a year, shall be paid for each registration.

Proportionate payment of fee

135 Any person becoming possessed of any cart which has not been registered for the then current period of registration, shall register the same within one month of the date on which he may have become possessed thereof, and the Commissioners shall grant registration in any such case on payment of such amount of the fee as shall bear the same proportion to the whole fee for the current period of registration as the unexpired portion of the current period of registration bears to the whole of such period; and such fee shall be calculated from the date on which such person may have become possessed as aforesaid.

Transfer of ownership.

136 When the ownership of any registered cart is transferred within any period of registration, it shall be registered anew within one month of the transfer in the name of the person to whom it has been transferred, and a fee not exceeding four annas shall be paid for every such last-mentioned registration.

Penalty.

137. Whoever keeps or is in possession of a cart not duly registered as required by the three last preceding sections, shall be liable to a fine not exceeding three times the amount payable by him in respect of such registration, exclusive of the amount so payable; and whoever, being the owner or driver of any cart, shall fail to affix thereto the registration number as required by section one hundred and thirty-three, shall be liable to a fine not exceeding five rupees.

Seizure and sale of unregistered cart

138 If any person owns or keeps any cart hereinbefore required to be registered without having caused the same to be registered, the Commissioners, or any person authorized by them in that behalf, may seize and detain such cart (provided

the same be not employed at the time of seizure in the conveyance of any passengers or goods) together with the animals drawing the same, and all police officers are required, on the application of the Commissioners, or of any servant of the Commissioners duly authorized in that behalf, to assist in the said seizure.

After such seizure the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell such vehicle and animals by auction at such place as they may state in the notice; and if any registration fee, together with the cost arising from such seizure and custody, remains unpaid for ten days after the issue of such notice, the Commissioners may sell the property seized for payment of the said fee, and of all expenses occasioned by such non-payment, seizure, custody, and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property, and if unclaimed after such period, shall be credited to the Municipal Fund.

Provided that if at any time before the sale is concluded the person whose cart has been seized shall tender to the Commissioners, or the person authorized by them to sell the cart, the amount of all the expenses incurred, and the registration fee payable by him, the Commissioners shall forthwith release the cart so seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of a cart seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any cart which has been seized under this section may be sold for the realization of any such fine.

Of Tolls on Ferries.

Existing public ferries.

139. The Lieutenant-Governor may, with the consent of the Commissioners, make over to the Commissioners any existing public ferry within or adjacent to the limits of the Municipality, to be administered by such Municipality until the Lieutenant-Governor shall otherwise direct.

Every ferry while so administered shall be deemed to be a municipal ferry, and the profits derivable therefrom, or such part of the profits as the Lieutenant-Governor shall order, shall be carried to the credit of the Municipal Fund.

Other ferries may be declared to be municipal.

140. The Commissioners may also, with the sanction of the Lieutenant-Governor, declare that any other ferry within or adjacent to the limits of the Municipality is a municipal ferry, and the profits derivable therefrom shall thenceforward be carried to the credit of the Municipal Fund:

provided that due compensation shall be made by the Municipality to any person for the loss which he may have sustained in consequence of such ferry being declared to be a municipal ferry.

The amount of compensation due in such cases shall be ascertained and awarded by the Magistrate under the provisions of section 4 of Bengal Act I of 1866 (*to amend certain provisions of Regulation VI of* 1819) or any similar law for the time being in force.

141. Every municipal ferry shall be maintained by the Commissioners, and they shall do all things necessary to provide for the safety and convenience of travellers, and the safety of property to be conveyed in such ferry.

142. When it has been determined to impose tolls on municipal ferries, the Commissioners at a meeting shall make and publish an order specifying the ferries, and, with the sanction of the Lieutenant-Governor, the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

When persons crossing river not liable to toll.

143. No person shall be liable to pay any toll for crossing any river or stream at or near a municipal ferry unless he avails himself of the means provided by the Commissioners for crossing such river or stream.

144. Every lease of a ferry given by the Commissioners as hereinafter provided shall be liable to be cancelled at once, if it shall appear to the Commissioners at a meeting that the lessee has failed to make due provision for the convenience or safety of the public within fifteen days after being required to do so by a notice in writing from the Commissioners.

On the cancelment of a lease, the Commissioners may take possession of all boats and other appliances which have been used by the lessee in the working of the ferry; and may either retain the same permanently on payment of a fair price to the proprietor, or may retain them for such time as may be necessary, not exceeding three months, until they can make arrangements for such other boats and appliances as may be necessary, in which case the Commissioners shall pay a fair price to the owners for the use of the said boats and appliances.

Provided that within a week of taking such possession the Commissioners shall be bound to give notice to the said lessee of their intention to retain the said boats and appliances permanently, or of the period during which they intend to retain them, as the case may be.

Toll must be prepaid.

145. Any collector or lessee of tolls, or his agent, may refuse to convey any person or goods across a municipal ferry until the proper toll has been paid, and may require any person who refuses to pay the toll to leave the boat and to remove his goods from it.

Penalty.

Any person who refuses to leave a municipal ferry-boat or to remove his goods therefrom when required to do so under this section, shall be liable to a fine not exceeding ten rupees.

Keeping of unauthorized ferry.

146. No person shall keep a ferry-boat for the purpose of plying for hire within a distance of two miles above or below any municipal ferry without the previous sanction

of the Commissioners, if he plies within the limits of the Municipality,

of the Magistrate of the district, if without such limits,

or of the Magistrate of the district and the Commissioners, if one of the two banks between which he plies is within, and the other bank is without, such limits.

This section shall not apply to any private ferry which may be in existence at the commencement of this Act.

Penalty.

147. Whoever keeps a ferry-boat contrary to the provisions of the last preceding section, shall be liable to a fine not exceeding fifty rupees, and to a further fine, not exceeding ten rupees, for each day during which the offence is continued after he has been required by a notice in writing to desist from such offence.

Of Tolls on Bridges and Roads.

Existing toll-bars.

148. The Lieutenant-Governor may, with the consent of the Commissioners, make over to the Commissioners any existing toll-bar within the limits of the Municipality, to be administered by the Municipality until the Lieutenant-Governor shall otherwise direct; every toll-bar while so administered shall be deemed to be a municipal toll-bar, and the profits derivable from it, or such part thereof as the Lieutenant-Governor shall direct, shall be carried to the credit of the Municipal Fund.

Commissioners may establish toll-bar.

149. The Commissioners at a meeting, with the sanction of the Lieutenant-Governor, may establish a toll-bar and levy tolls on any bridge or metalled road which they may have constructed after the commencement of this Act, or at any place within the Municipality adjacent to such bridge or metalled road at which tolls may conveniently be levied on vehicles and animals passing over such bridge or road; and the profits derived therefrom shall be carried to the credit of the Municipal Fund.

Provided that no such toll-bar shall be established, or tolls levied, otherwise than for the purpose of recovering the expenses incurred in constructing such bridge or road, and in maintaining such bridge or road in repair for the five years next after the construction thereof, together with interest on such expenses as hereinafter provided.

Commissioners to publish expenses, &c., of toll-bars.

150. Whenever a toll-bar shall have been established, and tolls shall be levied as provided in the last preceding section, the Commissioners shall at the end of each year publish, by causing it to be posted up at their office, an abstract account showing—

and as soon as such expenses and interest shall have been recovered as aforesaid, such toll-bar shall be removed, and tolls shall no longer be levied on such bridge or road.

Rates of tolls to be established and published.

151. When it has been determined that tolls shall be levied on any such bridge or road, the Commissioners at a meeting shall make and publish an order, with the sanction of the Lieutenant-Governor, specifying the rates at which such tolls shall be levied.

Such rates may from time to time be varied with the like sanction.

In case of non-payment of toll, vehicle, &c., may be seized and sold.

154. If the toll due on any vehicle or animal is not paid on demand, the person authorized to collect the same may seize such vehicle or animal, or any part of its burden, of sufficient value to defray the toll, and shall give immediate notice of such seizure to the Commissioners.

After such seizure the Commissioners shall forthwith issue a notice in writing that after the expiration of ten days they will sell the property seized by auction at such place as they may state in the notice; and if any toll, together with the cost arising from such seizure and custody, remain undischarged for ten days after the issue of such notice, the Commissioners may sell the property seized for discharge of the toll, and of all expenses occasioned by such non-payment, seizure, custody, and sale.

Any balance that may remain out of the proceeds of the sale shall be returned, on demand, if made within twelve months, to the owner of the property, and if unclaimed after such period shall be credited to the Municipal Fund.

Provided that if, at any time before the sale has been concluded, the person whose property has been seized shall tender to the Commissioners, or the officer appointed by them to sell the property, the amount of all the expenses incurred and of the toll payable by him, the Commissioners shall forthwith release the property seized.

Notwithstanding anything contained in this section, the surplus of the sale proceeds of any property seized under this section may be devoted to the payment of any fine imposed under the last preceding section; and any property which has been seized under this section may be sold for the realization of any such fine.

Penalty.

157. Whoever, being a toll-collector or lessee of a municipal ferry or toll-bar, neglects to hang up a table of tolls as required by the last preceding section, shall be liable to a fine not exceeding fifty rupees, and to a further fine, not exceeding ten rupees, for each day during which the offence is continued after he has been required by a notice in writing to desist from such offence.

Composition in respect of toll

158. The Commissioners, or the lessee of any municipal ferry or toll-bar, may compound with any person for a certain sum to be paid by such person for himself, or for any vehicles or animals kept by him, in lieu of the ordinary toll payable.

Exemptions.

159. No tolls shall be paid for the passage of troops on the march, or of animals or vehicles employed in the transport of such troops,

or of military or Government stores, or the persons in charge of them,

328. For the purposes hereinafter mentioned, the Magistrate shall constitute and appoint a panchait for each Union, or, when he may see fit to divide any Union into convenient wards, for each ward thereof; and shall issue a certificate of appointment, specifying the names, residence, business, or other description of the persons appointed, and the period for which the appointment is made.

Every panchait shall consist of three or five respectable persons residing or carrying on business in or near to any such Union, or in or near to any such ward thereof:

Duties of panchait.

329. The panchait so appointed, or the majority of them, shall, once in every year, if required so to do by the Magistrate, prepare and make, in accordance with the rules laid down in the requisition, an assessment upon the several persons liable to be assessed in respect of their occupation of property within the Union, or any ward thereof as aforesaid for which the panchait shall be appointed, and shall enter the same in a list which shall specify the names of the several occupiers of property within such Union or ward thereof liable to be assessed under the provisions of this Chapter, the trade, business, or other description of such occupier, the property occupied, and the amount payable monthly by such occupier.

Form of Magistrate's requisition.

Panchait may revise existing assessment.

331. The panchait shall, if required by the Magistrate so to do, instead of making a new assessment, revise and amend the assessment then in force.

Magistrate may amend and settle assessment as revised by the panchait.

332. When an assessment shall have been made or revised, as the case may be, the panchait shall forward to the Magistrate the list containing the same, and the Magistrate shall revise and, if necessary, amend and settle it.

Magistrate may exempt occupiers unable to pay the assessment.

333. The Magistrate may, at his discretion, exempt from the assessment any occupier who may be unable from poverty to pay the same.

Notice of assessment to be published.

334. When the assessment shall have been settled, the Magistrate shall sign the list, and shall cause a copy thereof to be prepared in the form (B) in the fourth schedule, and deposited in his office, and a notification in the form (C) of the said schedule or to the like effect, and written in the language which is ordinarily spoken in such Union, to be published in the manner provided in section three hundred and sixty-five.

335. Unless revised or corrected as hereinafter provided, every assessment made under this Chapter shall stand good for one whole year, and until a new one is made.

Change of occupation before a new assessment.

In case the occupier of any property included in any assessment shall be changed before a new assessment is made, the new occupier, instead of the former occupier thereof, shall be liable in respect of such property for any portion of the assessment which shall have become payable during his occupation; and, after notification to such person, the Magistrate may cause his name to be substituted in the said list for the name of the former occupier.

Revised assessment to be deemed a new one.

Every assessment which shall be revised according to the provisions of section three hundred and thirty-one shall be deemed a new assessment;

Provided that if no new assessment is made within the first three months of any year, a notification of the list of the previous year shall be published as required by section three hundred and thirty-four, and such list shall thereupon be deemed to be the assessment for the current year, and shall be open to appeal under the next succeeding section.

Appeal from assessment.

336. Any person assessed who shall be dissatisfied with his assessment or who shall dispute his occupation of any property, or his liability to be assessed, may appeal to the Magistrate; and the Magistrate, after making such inquiries as he deems necessary, by examination of the appellant on oath or solemn affirmation, or otherwise, may confirm the assessment or amend the same.

The decision of the Magistrate in such cases shall be final, and no objection shall be taken to any assessment, nor shall the liability of any person to be assessed be questioned in any other manner or by any other court:

Provided that no appeal shall be received after the expiration of one month from the time of the publication of the notification prescribed by section three hundred and thirty-four, or of the notification of the substitution of the name of an occupier under section three hundred and thirty-five, unless the Magistrate, upon reasonable cause shown, shall extend the time for receiving such appeal.

Commissioner of division may direct revision of assessment.

337. The Commissioner of the division, with the consent of the Lieutenant-Governor, may at any time direct the Magistrate to revise the assessment of any Union, or ward thereof as aforesaid, specifying the reasons which, in his opinion, render such revision necessary, and the Magistrate shall, according to such direction, revise and, if necessary, amend the same.

Magistrate may direct revision of assessment at any time of the year for reasons to be stated.

338. The Magistrate may require the panchait to revise the assessment at any period during the year, but on every such occasion he shall address a written order to the panchait specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

Publication of assessment as revised under the two last sections.

339. Whenever any assessment is revised during the year, as provided in the two last preceding sections, a copy of such revised list shall be prepared and deposited as provided in section three hundred and thirty-four, and a notification shall be published in the manner directed in the said section. And all objections to such revised assessment shall be made and dealt with in the manner prescribed by section three hundred and thirty-five.

If panchait refuse or omit to act, Magistrate may assume their functions.

340. If the persons appointed a panchait, or a majority of them, refuse or omit, for a period of fifteen days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself make or revise the assessment, and may enforce the same as if it had been made or revised in the first instance by the panchait:

Provided that the functions of the panchait shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this section.

Duration of panchait and service therein.

341. Every panchait shall be appointed for the period of one year, and any person who has served as member of a panchait during one year may be reappointed so to serve during the following year.

Member of panchait removeable only on application of rate-payers.

342. If a majority of the persons assessed in any Union or ward for which a panchait shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the panchait appointed for such district, the Magistrate, if he think it expedient, may remove such member from the panchait.

Vacancies in panchait how to be supplied.

343. If any vacancy shall occur among the members of a panchait, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may, by a written communication to the person appointed, nominate and appoint another person to supply the vacancy or to be a member of the panchait.

Appointment and duty of sudder panchait.

344. In cities and large towns containing three or more divisions or districts, the Magistrate may appoint a sudder panchait consisting of not less than five members, who may be selected either from the members of the local panchaits or from any other residents of the town.

It shall be the duty of the sudder panchait to assist the Magistrate, when required so to do, in carrying out generally the objects of this Chapter, and particularly in revising the assessment made by the panchaits of wards of the Union, and inquiring into, and reporting on, appeals preferred against the same.

Appointment of Tax Collectors and other establishments.

345. Subject to the approval of the Commissioner of the division, the Magistrate may appoint one or more tax collectors and such other servants as may be necessary for preparing, or assisting the panchait in preparing the assessment, for copying the same, for collecting the tax, keeping the accounts and records, and otherwise carrying out the purposes of this Chapter. The Magistrate shall take from every tax collector such security for the due disposal of the sums collected by him as may be thought necessary.

Collection of assessment.

346. On such dates as may be fixed by the panchaits for payment of instalments of the tax, the tax collector, shall proceed in person, or through some one of his office establishment, to collect the amount due for the current month from each person subject to the tax, and for all sums so collected the tax collector shall grant a receipt.

Provided that, with the sanction of the Commissioner of the division previously obtained, the collection may be made quarterly instead of monthly, and in such case the amount due for each quarter shall be collected in the last month of that quarter.

Recovery of sums not paid to the Tax Collector.

347. For the recovery of all sums which may not be paid to the tax collector on demand, the Magistrate shall proceed as far as possible in accordance with sections one hundred and eleven to one hundred and twenty (both inclusive).

Part V of Chapter II applicable to towns.

348. The provisions of Part V of Chapter II shall, as far as possible, be applicable to Unions. In so applying them, the sections of the said Part shall be read as if the word "Union" were substituted for the word "Municipality," and for the word "municipal," wherever such words occur;

and all functions assigned to the Commissioners of Municipalities by the said Part shall be performed by the panchaits of Unions;

provided that the District Superintendent of Police shall present his estimate as mentioned in section one hundred and sixty-seven to the Magistrate, and not to the panchait;

provided also that the Magistrate shall cause such estimate to be translated, made available for inspection by any tax-payers, and laid before the panchaits in the manner provided in section one hundred and sixty-nine, and that the District Superintendent of Police shall cause the bill mentioned in section one hundred and seventy-three to be laid before the Magistrate and not before the panchait, and the Magistrate shall cause the amount to be paid as provided in the same section.
